General Instructions

This is the update form for ALL projects in Solano County except for PATH, RHY, and VA programs. This form should be filled out for all household members and entered into HMIS accordingly.

Updates should be made any time there is a change in the following data elements:

- Current Living Situation
- Housing Move-In Date
- Disability Status
- Income
- Non-Cash Benefits
- Health Insurance
- Domestic Violence

All HUD-funded projects must have an Annual Update for each program participant within 30 days of the anniversary of the head of household's entry date. This update must be conducted regardless of whether the information has changed for the client since entry or the most recent update.

All HUD-funded Rapid Re-Housing Projects must have a 30-day update for each program participant. This update must be conducted regardless of whether the information has changed for the client since entry or the most recent update.

Income and benefits collected by minor children in the household should be reported under the head of household. If a household presents as two minor youth, one of the youth should be designated as the head of household.

No question should remain blank at the end of the assessment. The administrator of this intake must ask all questions of the client and mark the appropriate response. Please note that current HMIS policies require that all data be entered into HMIS within three days of acquisition.

If you are confused about how to answer a question, please refer to the HMIS Data Dictionary. If the data dictionary does not answer your question, please reach out to solanoHMIS@homebaseccc.org for assistance.
