

Bayside Terrace Pier Rebuild

Help us get there!

The Bayside Terrace Civic Club developed an estimate for the cost of materials to rebuild the Bayside Terrace Pier. The total cost of materials is approximately \$9,500.00. This doesn't include labor, but's it's a start! We have already raised \$3K toward this goal from community members! It's with the support of community members/residents like YOU, that we hope to reach our goal and complete this project. **If every member/resident donated \$150.00 to \$200.00 we can purchase all the materials for the pier!**
