SPONSORS! - Want to address the ATSSA membership of Fleet Managers as an individual or group of companies?...Contact Brian Sibbald @ 905-302-5470.

GENERAL MEETING – June 10th

We had a nice evening hosted by the **Canadian Fleet Maintenance Seminar** and by Ottawa based **ZEC Lubrication Inc.**

John Georgantopoulos, Sales Development Manager with ZEC, reviewed benefits of ZEC's Lubrication products. Currently in collaboration with the University of Ottawa, the main focus of the company is in the development and production of additives for engines of all fuel types including transmissions, gearboxes, hydraulic systems, automotive air conditioning systems and greases. John reported that their APM-PRO products are free from chlorinated paraffin's, PTFE, sulfur, phosphorus and Petroleum Barium. For more information on ZEC, please contact John Georgantopoulos at: 613-454-1870. Thanks again, John, for a nice and informative evening.

Members of the ATSSA and the CFMS executive then reviewed and finalized the details regarding the CFMS held on June 18, 2014. Included in the review was the very attractive provision whereby “Regular” ATSSA members (i.e. Fleet Maintenance Supervisors) qualify to attend the CFMS at no charge!!!

MEMBERS!

Attend an executive meeting...check us out...participate in how we can enhance our ATSSA and CFMS organizations!

CANADIAN FLEET MAINTENANCE SEMINAR

June 18, 2014

Paradise Centre, Concord

A well tendered Trade show; three panels of well known industry experts imparting their extensive knowledge; a rousing keynote address; good meals; cumulating with the 'Fleet Maintenance Manager of the Year' award – all made for a high octane and rewarding Seminar. All the more reason to have anticipated a better attendance. As usual a great deal of effort and professionalism went in to the production of this CFMS for which we are all most appreciative!

FLEET MAINTENANCE MANAGER OF THE YEAR

2014

VOLVO

LLOYD DEMARCHANT

Congratulations to Lloyd DeMarchant on being awarded the Volvo Trucks Canada Inc. sponsored 'Fleet Maintenance Manager of the Year' at the **CFMS** on June 18th, 2014! This award has become one of the most prestigious acknowledgments of outstanding individuals in our industry. Steven de Sousa, National Fleet Service Manager for **Volvo Canada**, presented the award at the dinner.

In his remarks, Steven stated that on behalf of Volvo Trucks Canada and the CFMS executive, he would like to thank everyone for attending the banquet and sharing in this presentation of the Canadian Fleet Maintenance Manager of the Year Award-an award that has become one of the most significant acknowledgments of outstanding individuals in our industry. In preparation for the presentation, Steven found from talking to co-workers or friends about today's recipient that there were a number of qualities repeatedly mentioned: Driven, Supportive, generous, reliable, fair and knowledgeable.

Steven stressed that these are great attributes for all leaders in our industry, and in looking at the names engraved on the CFMS award can all agree that all of our past recipients had the same types of qualities.

Steven then recapped in detail the criteria to be eligible as a nominee for this award, reiterating that though Volvo Trucks Canada is very proud to sponsor this award, Volvo does not participate in the selection process. . An independent judging committee comprised of trade journalists and past award recipients conducts this task. A task that is not taken lightly. Steve thanked all involved for their time and commitment to the process. (Go to: cfmseminar.com for more details)

(Continued on next page).

FLEET MAINTENANCE MANAGER OF THE YEAR

(Continued from previous page)

Steve then proceeded to talk about the 2014 Canadian Fleet Maintenance Manager of the year: MR.Lloyd DeMerchant of Penske Truck Leasing Canada!

In congratulating Lloyd, Steven stated that Lloyd began his career in the trucking industry, working with his father over 25 years ago, and has been with Penske for the past 18 years. Just being nominated demonstrates the respect he has garnered from his peers.

Lloyd oversees 23 maintenance facilities in Eastern Canada, maintaining a fleet of approximately 8000 pieces of equipment, consisting of class 8 tractors, straight trucks and trailers.

Lloyd is a family man and resides in Burlington Ontario with his wife Shelly and his 3 Children, Britney, Darrian, and Dawson.

Lloyd is an avid guitar player and has a passion for music, has been described as a “Gear Head” and loves his Mustang!

Steven DeSousa presentation to Lloyd DeMerchant (R)

Lloyd actively promotes the truck and coach trade to our future technicians at Centennial College and the Bramalea Secondary school.

At Penske Lloyd implemented a PM certification program and was able to have all technicians certified within a 12 month period and was instrumental in the roll out of the company's new parts inventory system. Lloyd also mentors other service managers to help raise levels to meet stringent quality standards.”

Automotive Transportation Service Superintendents' Association
