What Has Been
Happening in The
Pond?

We have been having lots of fun in the Duckling room! We haven't been able to get outside but have enjoyed activities inside like the trampoline, ball pit, tunnels, and tents. The kids have been great even though it's been cold.

I am noticing them taking more interest in books! They will pick a favorite and want to read it over and over. Sometimes they will sit and look at them on their own and really enjoy them. It's nice to see them wanting books as a big part of our day

They are starting to say more words to us teachers and each other! We encourage them to communicate their wants and needs with words. They are really doing great with this!

Continue working on manners and utensils at home during mealtimes. I am very proud of how well they are doing at mealtimes. We have been working on saying please and thank you to each other and they have picked up quickly on this and are doing well! Please encourage this at home too!
