

Camp Etna

Camp Etna was founded in 1876 as a Spiritualist Camp in Etna, Maine.

Spiritualists came every summer to camp out in their tents and to hear the top mediums and inspirational speakers of the day. Eventually the campers built platforms for their

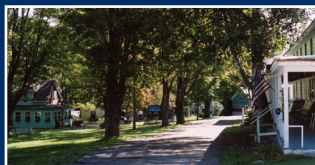

tents, then, cottages were built on the platforms. After a fire devastated the camp in the 1920's, new cottages were built, many of which are still used today.

Present Day

Throughout the years, Camp Etna has been home to many talented mediums and healers who have shared their spiritual knowledge and insights to those visiting the campground.

The camp cottages center around a common green. The peaceful 27 wooded acres are an ideal setting for

reflection. Visitors can stroll the grounds, visit the healing rock or walk down to Etna Pond. The natural beauty makes it a wonderful place for a personal retreat.

Mediumship Information

What is a Medium?

A medium is someone who has been trained to make contact with loved ones who are in spirit.

What happens in a Mediumship Reading?

The medium asks loved ones in spirit to provide evidence of who they are so the person getting the reading can identify them. The medium also provides a message from the loved one(s). Our mediums work on the vibration of love only and bring through messages that uplift and heal.

People from all spiritual disciplines are invited to participate in the programs, classes and workshops.

Membership

Membership is reserved for people who are practicing Spiritualists. For more information about membership requirements please contact us.
