(Fax) 410-354-5237

November 7, 2016

Dear Multimarine Parts Customers,

We have created a new parts' email for all parts' orders, inquires, estimates and all other parts related requests. Please update your contact email for parts to:

[parts@multimarineservicesinc.com](mailto:parts@multimarineservicesinc.com)

Effective November 30, 2016 we will no longer be using the multimarine.net emails or AOL emails. All new Multimarine emails are in the following format:

FirstName.LastName@MultimarineServicesInc.com

When ordering parts please include the unit information: model name, model number and serial number. It is very important to always have this information when ordering parts, whether you are ordering over the phone or via email.

Our parts team will monitor the parts email throughout the day. Email orders and inquiries are the best way to get quick and accurate responses.

Thank you,

Multimarine Services Inc  
Parts Department  
410-355-7012 Office  
410-355-2476 Parts Fax
