BRIGGS HEALTHCARE® (64)

PILLOWS/COVERS

DMI® Stress-Ease Pillow

Offers total cervical support in most sleep positions. Multisize cervical lobes provide proper alignment and support regardless of patient's neck size. Features concave center to support head and raised outer edge for neck support. 100% hypoallergenic polyester fiberfill holds its shape and lasts twice as long as average foam pillows. White.

	ITEM #	HCPCS	SOLD BY
17" x 22"	7905	E0190	ea

DMI® Memory Foam Pillow

High-density, slow-recovery, temperature-sensitive pillow molds and contours to neck and head for maximum comfort. Pressure-relieving, visco-elastic memory foam provides excellent support while reducing pressure point sensitivity. Made with a muslin foam barrier cloth. Versatile pillow can be used behind head, between knees or against back for comfort and support. Includes a removable, machine washable, cream velour cover.

	ITEM #	HCPCS	SOLD BY

THERABEADS® HEAT PACKS

THERABeads® Standard Packs

Deliver moist heat safely and effectively without water or electricity. THERABeads® consist of tiny, hydroscopic beads mixed with a special, proprietary fluid that enhances their ability to capture moisture. When heated in the microwave, the beads release their retained moisture. After treatment, the beads rejuvenate themselves by recovering moisture from ambient air. Standard pack is ideal for most parts of the body, including shoulders, knees and back. Deliver uniform moist heat to help relieve soreness and stiffness. Includes cover.

6½" x 22" (neck)	4505	A9273	ea

PERSONAL THERAPY

CORE PRODUCTS (95)

Tri-Core® Cervical Pillow

Fiber support pillow provides softer support and lasts longer than traditional pillows. The trapezoid-shaped center delivers great orthopedic benefits, cradling the head and firmly supporting the neck. Two different-sized lobes provide a better fit for different-sized sleepers. Side lobes are taller for side sleeping. Highly resilient fiber springs back when compressed for exceptional comfort and durability. Blended cotton cover is breathable and soft to the touch. Fits a standard pillowcase. 24" x 16" (61 cm x 41 cm). Designed specifically with the neck and back in mind. Choose the Firm Support Pillow or the Gentle Support Pillow with slightly less fiber and height.

PERSONAL THERAPY

MEDI-DYNE HEALTHCARE PRODUCTS (TU)

All Medi-Dyne Healthcare Products listed are latex-free and are made in the USA.

LATEX FREE

Tuli's® Heel Cups

Patented, multi-cell, multi-layer "waffle" design absorbs shock and returns impact energy, similar to the system naturally found in feet. Upon impact, the waffle construction bears down and rotates with the normal motion of the foot to absorb the shock of walking and running, keeping feet, knees, hips and back in alignment for maximum comfort. Heavy Duty Green Heel Cups provide additional thickness and support for athletic performance.

TheraBand™ Stability Trainer

LATEX FREE

Oval-shaped, color-coded pads in three densities to provide a progressive system of balance training for rehab, post-rehab conditioning and fitness applications. The Green (Firm, Beginner) and Blue (Soft, Intermediate) pads are molded in closed-cell foam with a ridged surface. The Black (Extra-Soft, Advanced) PVC pad is inflated with air and has rounded points that provide tactile stimulation on one side. The Black Stability Trainer has sturdy edges that help prevent ankle-roll – a valuable differentiator in the air-filled balance product marketplace.

WONDERTRACK® (OR)

Wonder Track Back Pain Pillow

NEW

A hard plastic surface modeled after a large diameter pipe, the Wondertrack® is an innovative approach, aided by gravity, to the body's natural responses. Produced with a unique concave shape with a flat straight center axis, Wondertrack® puts the back into a well aligned position without complicated equipment, devices or procedures. The curved sides cradle you, keeping you comfortable and allowing your back to relax. The more your muscles relax, the more pain relief you will feel as your spine straightens and your back sinks into a more comfortable and natural position. Patented. FDA Registered Device. Invented by an Orthopedic Doctor. Helps relieve low back pain, side back pain, mid back pain, upper back pain and muscle tension; Easy to Use — Just lie down on it! Use a thin blanket and pillow for extra comfort; Use 10 — 20 minutes per occurrence or as needed for pain (2 — 3 times a day); Use 30 minutes — 2 hours for severe pain; Comes with Bonus exercise DVD; Product Size: 23.75" L x 16.5" W x 2" D; product weight: 2.6 lbs.; made from high impact styrene; made in U.S.A.
