# The Trade Blanket

Last Year I bought Paul's tipi, so now I have my older one for sale or trade. This is a 16ft that I set up using Nomatics instructions . Not sure who made this. Come with Poles, pins and canvas. The door is as I bought it—wild naugahide....No liner. I would like \$400. I would consider a .40 flint pistol, a buffalo hide or other cool stuff in trade. Nick

**Notes from The Meeting**

Spring Shoot shooting awards are ready to present. Archery are in the works. We'll still need drawing donations. If you want to pick a blanket prize, you gotta bring one. And we will again need volunteers to help set up, meet and welcome. Sort awards and blanket prizes, and clean up.

Ted and Lorrie Hartman are moving to their shop and residence in Pineville. They are working hard to be settled in by Spring Shoot. If you have time you could lend a hand, I'm sure they would appreciate your help.

"Copper Dave" won the 50/50 Drawing.

- Salt and pepper
- 1 small onion, chopped
- 1 red bell pepper, chopped
- 1 clove garlic, minced
- 8 oz. ground deer meat
- 1/2 teaspoon chili powder
- 1.5 Cups grated sharp cheddar

Peel the potatoes and cut into small cubes (1 1/2 inch). Put in bowl with cold water, mixing to rinse off the starch. Drain and rinse in a colander, then transfer to paper towels and pat dry.

Heat oil in a 10-inch cast-iron skillet over med-high heat. Add potatoes and cook, stirring occasionally, until tender and golden brown on most sides. Season with salt and pepper to taste, then transfer to a plate with a slotted spoon.

Add onion, bell pepper and garlic to skillet and cook, stirring occasionally, until golden brown. Add ground deer, chili powder and 1/2 teaspoon salt and cook, breaking up any meat to combine. Sprinkle the cheese over the hash.

## RUST

Here's a solution for those iron tools or pistol/rifle barrels that got lost overwinter, misplaced during last year's hunt, or under Juniper duff at last years H&K.

At the March meeting, Brent (Cheech) Morgan showed us the results of a solution he has found to de-rust iron.

In an appropriate-sized open container mix a 50/50 solution of **FEED GRADE Molasses** (found at feed stores or farmers) and Water.

Mix it real well and add your rusted iron pieces. Let it soak until it comes clean (+ a week). Stir the solution every day and add water to compensate for evaporation. He showed us a pair of shears and a rifle barrel that came out beautiful.

## STAIN

Another solution: for treating fresh yellow saw kerfs in/on old gray barn wood (making picture frames, etc.), or to "erase" fresh limbing cuts on tree trunks, is to pour white vinegar in a glass container and add very fine steel wool pads. Let it brew for + week and brush the resulting stain on a trial piece of the wood (a wooden-spoon handle or shim also works great).

When you get the shade you want, take out what's left of the steel wool—if you leave the iron in there, the result will be so close to black you can use it for ebony!

New boards can be brushed with this stuff and will antique/driftwood very soon. Can be finished or sealed normally.

This recipe comes from my master carpenter neighbor. (ph)

**SHOOT:** Saturday, April 30, Emerald Empire Gun Club, McGowan Creek Road, Springfield. Your host is David Walp, who says, "Bring plenty of ball and powder. There will be lots of shooting – 'mixed media' targets!" so you are warned. Set up at 9:30 or earlier, shoot at 10. Fee is \$5. As last month there will be knife sharpening service in the score shack courtesy Bob Morrell. We are also restarting our after-shoot potluck.

**MARCH MEETING:** Lorraine Hayden reported on the Cascade Mountain Men show at Enumclaw, Washington and on the new location for the Forest Hills Black Powder Brigade Spring Rendezvous. She also talked about the Horn Makers Fair she attended in Pennsylvania and passed around several items including a horn snuff box, a horn that belonged to her late husband Jim that was characteristic of a fine horn, and a horn from the 1790s with southeastern U.S. motifs. She also explained horn shaping and decorating techniques. Thank you Lorraine for a very interesting and informative presentation.

**PRESIDENT'S MESSAGE FOR APRIL 2022** by Walt Evens:

Greetings! As always, I hope this finds everyone in good health and spirits.

From what I heard, and the photos sent to me, it looks like Mathew did a great job in his first match. I want to thank everyone who helped him out.

Here it's been two months and the mask mandate hasn't come back. Of course, they're optional for anyone in the risk groups.

Two years ago, we were approached by President Tony Hilsendager of the Emerald Valley Chapter of the Oregon Hunters Association (OHA) to come to their meeting and talk about muzzleloader hunting opportunities here in Oregon. This would be followed by a hands-on shooting event the following Saturday while everything was fresh in their minds. Of course, the pandemic hit and everything was postponed. I'll be at their meeting on Wednesday with a slide show presentation. This Saturday the 16<sup>th</sup> is the main event on the Pistol Range at Emerald Empire Gun Club. Set-up is at 9:00 a.m. and the fun starts at 10. I'm not sure what targets to use. We could set up some clangers or either use the gun club red bulls eye or 9" paper plates. The latter two would represent the approximate "vitals" area on a game animal.

So far we have about a dozen volunteers. I spoke with Tony the other day and while he didn't have a total for us, he expected about a dozen people. Due to this being the first time these folks have fired a muzzleloader, EEGC would like to see a ratio of one-to-one. Needless to say, we could use a few more folks. While I have guns for this specific purpose, I've decided to let members bring their own. That way I don't have a bunch to clean when I get home, although it might not be a bad idea for us to show them how to do that, as well!

I'm not sure if we'll glean any new members from this endeavor but you never know until you try. One thing I love about our group is that we are not so traditional that we won't allow an inline. While they do not represent our time period, everybody has to start somewhere. There are clubs where they're not welcome and then lament their declining numbers. One of our members started with one and is now the proud owner of both a CVA caplock and a flintlock rifle. If we had turned him away, it would have been to our detriment!

We'll be bringing back the after-the-match lunch in the clubhouse this month. I suggest we start with our usual chili pot and bring food items to go with it. Desserts are **ALWAYS** welcome!

If you have any suggestions or concerns regarding FUML, please do not hesitate to reach out to me.

Until next time, keep yer powder dry and yer top knot safe! --Walt 541-315-2030 [wrevens@yahoo.com](mailto:wrevens@yahoo.com)

## MARCH SHOOT REPORT by Walt Evens

This was Mathew's first time sponsoring a match. I was not there but was told he did a great job. There was a total of nine shooters and three volunteers.

The targets were the EEGC Red Bullseye, a Rainbow with Pot of Gold, a Mug of Green Beer and a Leprechaun Hat; all 5 shots at 25 yards. The last one was a Shamrock with 7 shots at 15 yards.

Member and arms collector John Priest brought a mortar for "Show and Tell".

The weather was good. Looks like we got most of our usual shooters back.

I want to thank Mathew for a fun match, Bob Morrell for running targets, Melody Morrell for scoring and Jim "Broken Hammer" Eikenberry for the photos.

VP David Walp is our Sponsor for April. Jim Eikenberry has June. We need someone for May and July through December. -Walt

**WILLAMETTE VALLEY ARMS COLLECTORS SHOW:** We were offered the entire stage at the show for whatever we wanted to do with tables for only \$10 each. Bob Morrell built a frame that worked to set up a small wedge tent and we brought the club campfire and some extra firewood and camp accoutrements to add interest and draw people to come up. Lorraine brought several of the beautiful club flags to hang on the front of the tables. The club table was manned by Walt Evens and Jim Eikenberry on Saturday and by Ken Putman and Jim on Sunday. Lorraine had two sale tables and Bob and I had one and we were there both days. I had done an inventory of my blankets and counted 20 (!) including 10 rendezvous types plus an old Indian blanket so took two of the rendezvous blankets and the Indian blanket and sold all three. Saturday Bob made a great find of a cast iron cook pot dating to the 1600s -1700s so on Sunday I brought my old self-basting model I never use and sold that too plus a leather workers tool set. I noted that with the space and tall ceiling there was room for a tipi but we are all so old now nobody has one any more (ha ha). Hopefully we can expand both our participation and presentation for next year as we are offered the same deal.

**EXPLANATIONS:** 1. I don't know yet who has paid dues and who hasn't so if you haven't here is one more newsletter. 2. I want to do another page but am out of time (sigh). Just wait till next month...
