

**MIDWEST CAN** is a leading plastic blow molding and injection molding company producing quality containers for the food, automotive, chemical and agricultural markets at its Franklin Park (Chicago), IL location.

### **Lead Industrial Maintenance Mechanic:**

Leading a team of Maintenance personnel on 3 shifts. Hands-on position. Responsible for performing preventative maintenance as well as repairing any machines to minimize downtime. Performs efficient changeovers as our production facilities shift to various customer orders and SKUs.

#### Position Responsibilities:

- Leads the maintenance team – reports to the maintenance manager
- Analyzes mechanical and operational problems on assigned equipment and plans for and takes corrective action.
- Electrical maintenance
- Blow Molding Experience
- Makes necessary corrections and running adjustments to maintain maximum production and quality.
- Reviews production schedule and when equipment is not scheduled for manufacturing, changes over equipment to new sizes or performs scheduled maintenance.
- Tests equipment to check operation; tries out equipment after repairs, changeovers or extended downtime.
- Makes preventive maintenance check and inspection of assigned equipment, reports findings to supervisor and takes appropriate action.
- Analyzes and records cause of mechanical related production delays on daily production report.
- Notifies supervisors of recurring equipment malfunctions and corrective action taken, and of quality problems or supplies needed.

#### Qualifications:

- 5-10 years experience in Maintenance
- 3-5 years experience in a leadership role
- Strong schematic reading proficiency
- Experience with hydraulics/pumps are essential
- Experience in a production / manufacturing environment
- Ability to work in a safe manner
- Must be able to read, write and speak English
- Willingness to work overtime, off-shift
- Must be able to work on-call as needed
- Experience with blow molding is required
