

## Back Home in the Studio

Congratulations to all our amazing dancers for working so hard dancing at home over the past few months. Thanks to our teachers for learning to use Zoom and adapting their lesson plans and teaching methods, and thanks to all the parents who reorganized their living room furniture for every class. Our students have not lost time or technique, they have seen dancing at home as an opportunity to work on strength and lines in adage, centering in pirouettes, and improve strength and flexibility.

On June 8<sup>th</sup> we opened our doors again and dancers are happy to be back at home in the studio. Their smiles and laughter make all the work to reorganize our studio and schedule worthwhile. They have also been superstars at following directions and finding their "X's" on the floor. For those of you who haven't joined us yet, we hope to see you soon!

## Fall Registration

We will be taking registrations for fall classes beginning June 22<sup>nd</sup>. Our class sizes are limited more than in the past, so early registration is recommended. The benefits of dance are well documented; it improves memory, discipline, concentration, strength, flexibility, endurance, musicality, team work, confidence and so much more. We know there is still a lot of uncertainty in regards to both children's school and parent's work schedule, so wherever possible we will be flexible to allow students to change classes and we will try to schedule additional classes if required. Look for the tentative schedule soon!
