# Youth and Alcohol Data - 2012: Enforcing Underage Drinking Laws Grants

Casper, Cheyenne, Douglas, Gillette, Hot Springs County, Jackson, Lander, Laramie, Lincoln County, Powell, Rawlins, Riverton, Rock Springs, Sheridan, Teton County, Torrington, University of Wyoming

### APRIL 2013

This project was accomplished with grant funding provided by the Wyoming Department of Health – Mental Health and Substance Abuse Services Division (Enforcing Underage Drinking Laws Program Grant – Office of Juvenile Justice and Delinquency Prevention).

The Wyoming Association of Sheriffs and Chiefs of Police managed this project and collected the data contained in this report. Johnson and Associates developed the master database, assembled and analyzed the data. The report was authored by Ernest L. Johnson, Director of Services.

# INTRODUCTION

Underage and binge drinking have become serious public health and safety concerns in every community in Wyoming – as they have throughout the rest of the country. Youth are beginning to drink at an earlier age and they are drinking greater quantities than ever before. The increasing risk to Wyoming youth and communities prompted the Wyoming Association of Sheriffs and Chiefs of Police to begin collecting youth and alcohol-related data in order to develop more effective long-term strategies for law enforcement agencies in Wyoming.

This data collection effort was funded primarily with the use of federal funds provided by the United States Department of Justice - Office of Juvenile Justice and Delinquency Prevention as part of an existing national grant program entitled Enforcing Underage Drinking Laws. These federal grant funds have been provided to the state of Wyoming since 1998 and are administered by the Wyoming Department of Health – Mental Health and Substance Abuse Services Division.

Unlike other national prevention grant programs, these funds are specifically intended to be used for law enforcement initiatives which focus on effective enforcement of underage drinking laws. Due to the law enforcement focus of these federal grant funds, the Division began contracting with the Wyoming Association of Sheriffs and Chiefs of Police in 2006 to administer the grant process and to direct the efforts of the law enforcement agencies that apply for grant funding. In 2007, the Association decided to take a more strategic approach in the administration of these federal grant funds by implementing a statewide initiative that would involve multiple law enforcement agencies in a more directed manner. The Wyoming Communities in Action initiative was designed to recruit and involve more law enforcement agencies in efforts to reduce underage drinking in their communities. The initiative was also intended to be the means by which more effective strategies could be devised, implemented and evaluated – strategies which could then be shared, replicated and used by other agencies in the state.

An integral phase of this initiative involved devising a data collection process that would provide more complete, detailed information relative to incidents where law enforcement comes in contact with youth who are in possession of, or who have been drinking alcohol.

The process of identifying and selecting the data fields which would be useful for strategy development and evaluation purposes was a critical first step. Demographic information, location of law enforcement contact, time of day, arrests versus citations, blood alcohol concentration levels and determining the source of the alcohol were all selected and included in the data collection process. All the information that is now being collected has been incorporated into the citation or book-in process employed by all participating agencies.

The data was collected daily, then tabulated and submitted monthly through the use of an online project management site. This information was then entered into a master database and monthly reports were created for every grant agency – as well as included in an aggregated year-end report for all communities.

This report is comprised of data collected by seventeen law enforcement agencies in Wyoming that participated in the Enforcing Underage Drinking Laws (EUDL) grant program during calendar year 2012. Three counties, thirteen municipalities and the University of Wyoming participated during this reporting period. All seventeen communities now have a baseline of data relative to youth involvement with alcohol which can be used to assess and compare enforcement efforts and underage drinking prevention initiatives.

This report provides a collective, as well as an individual, review of alcohol-related data involving youth which was submitted by: Cheyenne, Douglas, Hot Springs County, Jackson, Lander, Laramie, Lincoln County, Powell, Rawlins, Riverton, Rock Springs, Sheridan, Teton County, Torrington and the University of Wyoming.

# COLLECTIVE COMMUNITY DATA

The data collected over a twelve month period – January 1, 2012 through December 31, 2012 provides descriptive detail regarding law enforcement involvement with youth and alcohol in the seventeen EUDL grant communities in Wyoming.

The statistics contained in this report provide a more complete "picture" of alcohol use by youth in Wyoming than has been available in the past. Specific data regarding age, gender, time of day, charges, location of offense and where the minor obtained alcohol was collected - information useful for prevention efforts, manpower deployment and strategy development.

An assortment of charts and graphs of aggregated data collected in the seventeen communities are included in this section of the report. Highlighted below are some significant, useful statistics:

- 1,933 youth were arrested or cited for involvement with alcohol (a 605 decrease from last year)
- 19.23% of the youth were arrested and taken into custody – 80.77% were cited and released
- Males age 18-20 accounted for the most arrests/citations – 912 (47%)
- Females age 18-20 were second in arrests and citations - 390 (20%)

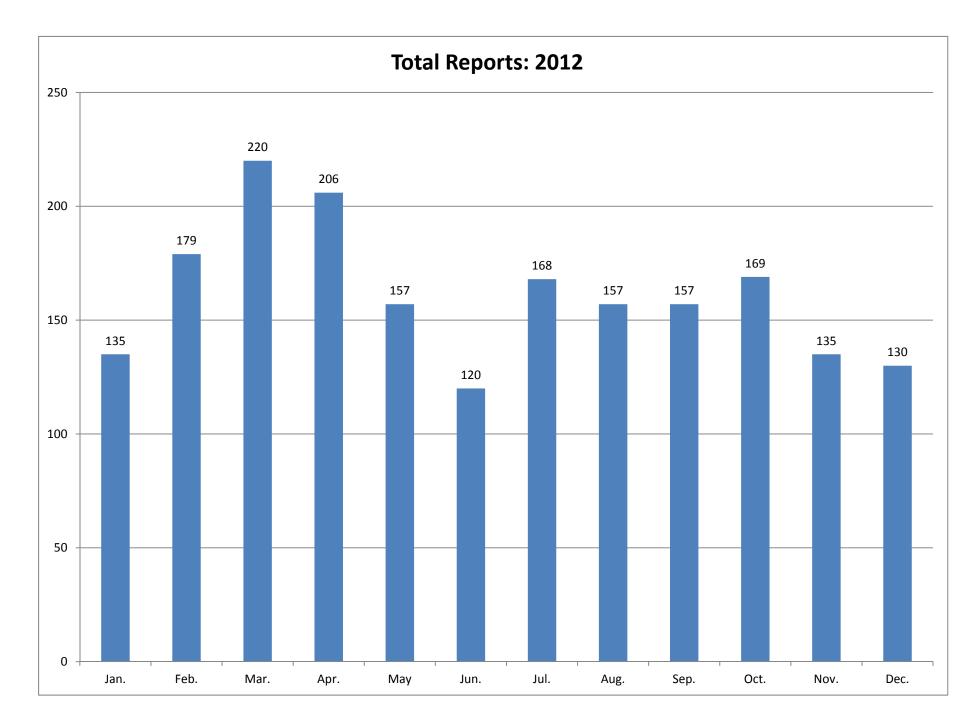

- Males age 15-17 were third in arrests/citations 269 (14%)
- Females age 15-17 were fourth in arrests/citations 175 (9)%
- 30 males age 14 and under were cited/arrested
- 33 females age 14 and under were cited/arrested
- Average BAC: PBT 0.106 Intoximeter – 0.113
- Law enforcement incidents involving youth and alcohol occurred more often between 10PM and 2AM – 1,050 of the total 1,933 (54%)
- 599 of the 1,933 incidents occurred between 10PM and Midnight, 451 occurred between Midnight and 2AM, and 330 occurred between 2AM and 4AM
- Minor in Possession was the most frequent charge – 1,668 of the total 1,933
- There were numerous incidences of accompanying charges for Assault, Curfew violations, Disorderly Conduct, Disturbing the Peace, Interference
- 79 underage youth were arrested for DUI
- Private Residences were most often involved – 45%
- 85% of the time minors reported they obtained alcohol from a Party (72%) or Home (13%)
- 15% of the time minors obtained alcohol from a Bar or Liquor Store

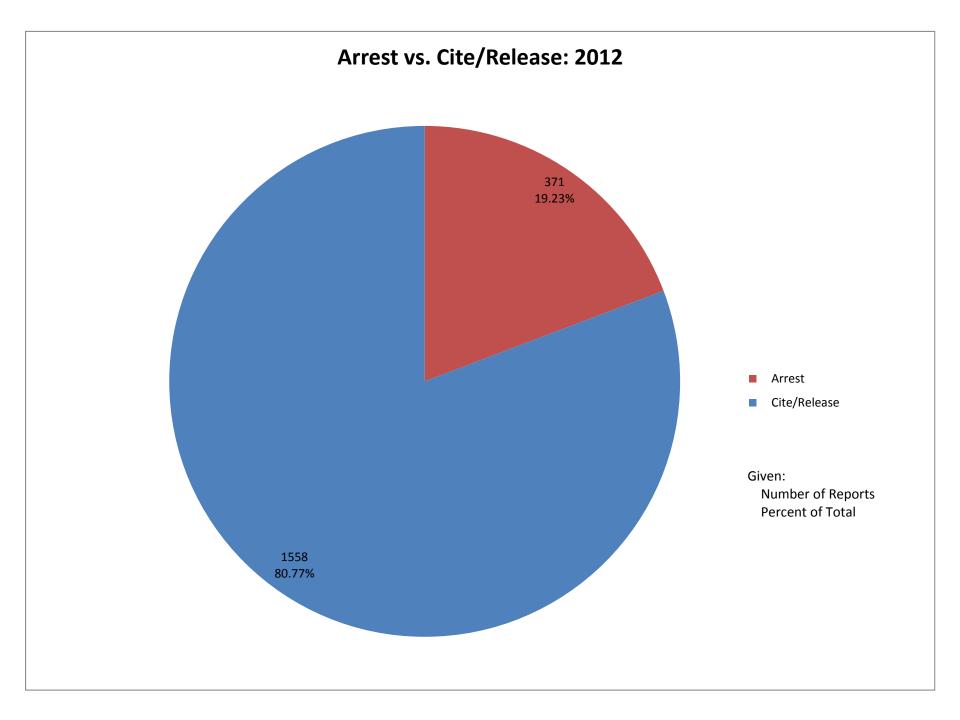

#### January - June 2012

# ACKNOWLEDGEMENTS

This initiative was a collaborative effort on the part of the administrators, enforcement team leaders and records personnel from all seventeen law enforcement agencies that participated. The Initiative was successful due to the unwavering support of the administrators. The day-to-day supervision of enforcement activities by the team leaders, the daily collection and monthly tabulation/submittal of arrest data was an ambitious undertaking and their efforts should be acknowledged as well. The collective efforts of all assigned department staff were essential to the overall success of this Initiative.
