Come join us for the Hartsel Spring's Ranch Competitive Trail Ride in Colorado's South Park area at 9,000' this summer. The original ranch was over 29,000 acres. The property is home to over 100 head of buffalo and numerous pronghorn antelope. Trails will cross both the south and middle forks of the South Platte River. Natural hot springs, stage coach trails, outposts, historic buildings, and Gold Medal wild trout fishing are part of the many attractions. Come enjoy the beautiful wildflowers and the panoramic views of the Front Range and Mosquito Range Mountains.
