

FOUR CORNERS GAME

Setup - Create four grids. Each Grid about 5'x5'. and about 40 yards apart from each other. There is no "out of bounds". Two teams of 4 to 8 players.

The object of the game - is to score points by passing a ball to a teammate who is inside one of the four corners. Each team can score in any corner but cannot score in the same corner twice in a row..

This is a tactical game for older players.

Progression - the pass must be a give and go to his teammate.
