What to bring to your day in the Bambinos Room

We greatly appreciate parents naming all of your child's belongings. This helps us to make sure all of your child's items are returned to you, and minimises lost property

- Breastmilk bottles or bottles filled with boiled water & formula measured into single serve dispensers.
- Healthy snacks – fresh fruit or yoghurt is great
- Drink bottle filled with fresh water
- Sheets – a **set** of fitted cot sheets is the best option
- 1 nappy – for your child's last nappy change before home.
- Wide brim or bucket hat
- Spare clothes and comfort items (e.g teddy, dummy)

If your child has sensitive skin and needs particular products, please chat with our educators.

Please don't bring toys or any precious items

About the Bambinos Room

One of our first goals in the Bambinos room is to create a sense of trust between baby and educators. The best way of doing this is through the use of a shared routine. Upon enrolment, you will receive a "Routine Form". This form covers what and what your baby eats, when they regularly have a bottle and how often they sleep.

On their first few days, as they adjust to their new environment at Creative Kids, they may not keep their normal routine, but we will use your guidelines to help us keep them on track.

We will also find out from how 'how' your baby goes to sleep – whether they are rocked, wrapped, patted or not patted, with comforters or on their back or side.

Every day, please bring the items listed in the 'What to Bring'. You are welcome to leave baby's hat, water bottle here. Baby's bed sheets will be sent home on their last day of care for the week to be washed. If your child has sensitive skin, you may also keep a tub or tub of nappy cream (labelled with your child's name) in your child's bag

We encourage families to provide a labelled bottle of panadol or nurofen and a tube of bonjela (both with chemist label indicating baby's name and dosage) to be left her for teething purposes only. This will be kept in our locked medicine box.

What to bring to your day in the Tiny Tots Room

We greatly appreciate parents naming all of your child's belongings. This helps us to make sure all of your child's items are returned to you, and minimises lost property

- A healthy morning tea in a named paper/ziplock bag
- Drink bottle filled with fresh water
- Sheets – a **set** of fitted cot sheets is the best option
- 1 nappy – for your child's last nappy change before home.
- Spare clothes (plus extra spares when toilet training)
- A wide brim or bucket hat

If your child has sensitive skin and needs particular products, please chat with our educators.

Please don't bring toys or any precious items

About the Tiny Tots Room

Along with the Senior Tots team, we welcome you to our dedicated toddler playrooms. Our beautiful natural environment is designed to support younger children as they learn more about the world around them to build on their own sense of wellbeing, encouraging them to grow and develop at their own pace.

Our education team work together to build secure, respectful and reciprocal relationships whilst also developing strong partnerships with families. As each child is progressing through their own educational journey, we will work with you and your child to create a shared vision for our curriculum. You can see our Education Journey on our hallway display.

Every day, please bring the items listed in the 'What to Bring' list. You are welcome to leave your child's hat here for the week in their labelled container by the playground door. As space is limited, we do ask that all of your child's items are kept in your child's bag to go home daily.

Our daily sign in sheets is kept on top of the locker and our visual learning display is also in this area. Blank medication forms are also located on top of the lockers. If your child needs medication, please complete this form and hand with your child's medication to one of our educators. The medication will be kept in our locked medicine box.

What to bring to your day in the Big Kids Room
We greatly appreciate parents naming all of your child's belongings. This helps us to make sure all of your child's items are returned to you, and minimises lost property

- A healthy morning tea in a named paper/ziplock bag
- Sheets – a **set** of fitted cot sheets is the best option
- Nappies if required (pull ups are great)
- Spare clothes (plus extra spares when toilet training)
- A wide brim or bucket hat

There is no need to bring a drink bottle as we have a water cooler and bubbler

If your child has sensitive skin and needs particular products, please chat with our educators.

Please don't bring toys or any precious items

About the Big Kids Room

In the Big Kids room, we embrace your child's growing independence, whilst working alongside them to ensure they feel supported. As each child is on their own educational journey, our education team will work with you and your child to establish goals to guide their learning opportunities. We appreciate your feedback and ideas and from time-to-time, we will seek your input through short questionnaires.

Families are encouraged to look through the visual display of our play and learning that has occurred throughout the day.

Every day, please bring the items listed in the 'What to Bring' list. You are welcome to leave your child's hat here for the week in their labelled container by the playground door. As space is limited, we do ask that all of your child's items are kept in your child's bag to go home daily.

If your child has sensitive skin and needs particular products, please chat with our educators.

Please don't bring toys or any precious items

About the Kindergarten Room

Our Kindergarten room, which features curriculum from the Queensland Kindergarten Learning Guidelines, and supported by the Early Years Learning Framework, provides the perfect entrance for your child to pre-formal education programs through our play-based environment.

As an Approved Kindergarten Program, all children enrolled in this room are required to attend at least 2 days per week (7½ hour sessions) to be eligible to receive funding. Children will work with our Early Childhood Teacher to establish their learning goals, which will be tracked in learning portfolios. Children completing this program will receive a Transition Statement for their primary school entrance, provided in Term 4

Every day, please bring the items listed in the 'What to Bring' list. As space is limited, we do ask that all of your child's items are kept in your child's bag to go home daily.

Our daily sign in sheets is kept on top of the locker and our visual learning display is also in this area. Blank medication forms are also located on top of the lockers. If your child needs medication, please complete this form and hand with your child's medication to one of our educators. The medication will be kept in our locked medicine box.
