

# Sunset Ridge Field Trips

At Sunset Ridge we believe kids can never get enough time outside. That's why we encourage schools to get their classrooms connected with local farms. For seven years we have been providing tours that show kids a day in the life of a farmer and why it is important to know where your food comes from. Kids will have the opportunity to pick their own fruit and explore the farm with their friends and family. Our goal is to educate children about the importance of agriculture and why healthy farms make healthy food. Call to schedule a tour and provide the following information: Contact information, school name, number of kids/parents, and age group.

## Tours

- ✓ Basic soil science
  - ✓ Critters
  - ✓ Nutrients
- ✓ How we harvest the fruit
- ✓ Explore the farm & taste the different varieties of fruit that are in season

Sunset Ridge Fine Fruits  
7825 Fox Hill Ln.  
Newcastle, Ca 95658  
(916) 663-9158
