**ACTION ALERT*****Learn about a Farmer's Bill of Rights***

For too long, big corporations have been using Republican officeholders as a tool to take wealth from rural communities, ship it off to foreign countries, and line their own pockets.

We're taking on these monopolies and foreign corporations to renew family farmers' rights to fair and open markets, local control of land, and rural opportunity.

**[Introducing our Farmer's Bill of Rights -- a set of values and policies that give power back to Missouri's farmers.](#)**

All week, we'll be traveling around the state to talk about our Farmer's Bill of Rights, and I hope you'll be able to join us on one of our stops. In the meantime, read up about our new plan to restore the rights of farmers.
