

S.M.A.R.T.

Course : S.M.A.R.T. tactical civilian medicine

Duration : 1 day Cost: \$250

Course Description:

The S.M.A.R.T. concept known as tactical civilian care is an advanced tactical medicine course specifically designed to assist civilians and law-enforcement during high-stress critical thinking and life-threatening situations such as mass casualty incidents caused by an active shooter, train derailment, natural disaster, terrorist act and more. The S.M.A.R.T. concept will provide you with the tools to make a difference during a tactical and medical situation when regular first aid just isn't enough.

For : law-enforcement, firefighters, security guards, hunters, commissionaires, gun enthusiasts, teachers, any good citizen, etc.
