

# Write Your Own Script!

Taught by: Luke Haueter

July 27th-July 30th 1:00-3:00PM

## Class Description and Objectives

In this class, you'll learn the basics of scriptwriting and write an original scene to share with your parents or guardians on Showcase Day!

In this class, we'll be dedicating time to writing a scene between two characters using the methods we learn day by day! On our final day of class (July 30th), we'll be reading our scenes in our Showcase for Parents and Guardians! We will dedicate the last 55 minutes of class to our Showcase and show off our new writing skills!

## Schedule/Outline
