

Art Workshop

What: We are excited that our judge for the art show, Ron Nordyke, will be offering a one day workshop entitled "Building a Painting" from 9 a.m. to 3:30 p.m. on Saturday, the 24th of March. A supply list will be emailed (or mailed) to you when you register.

Although Ron's preferred medium is acrylic, he will welcome any medium. His focus is more on the thought process, planning processes, inspiration, reasons for creating art, what gets you pumped then the medium! He says, "Without that fire, good art can go flat. It's like when you hear an excellent singer sing a song that does not move you, and then you hear a mediocre singer take down the house because they are 'invested' in the emotion of the song. It's passion! It really does make a difference."

Ron's plan for the day will include the following:

- *Discuss ideas and reasons for some choices*
- *Choose a substrate type and size*
- *Give it a base coat of acrylic (solid, stenciled, patterned, abstractGet Some Paint On! ASAP)*
- *Lunch Break*
- *Work on individual projects, continue to share information and a Critique walk through the Art Show!*

Cost: The cost for the workshop will be \$30.
