REGULATIONS

FOR

Saluda Mill

This is an amended version of the Regulations previously recorded in Record Book 20526 at Page 109 on January 9, 2019 in Lexington County

INTRODUCTION

This document, the Regulations for **Saluda Mill** defines and extends some of the rights and authority granted to the Developer and to the Association (when empowered by a partial or total transfer of control of authority from the Developer) by the Declaration of Covenants, Conditions, Restrictions, Easements, Charges and Liens for **Saluda Mill** (Declaration). Further, this document creates additional Regulations for the entire community, for the use of lots and Common Areas (if any are dedicated) within the community and for the actions and behavior of all property owners, their family members, guests, invitees, licensees and permittees, while residing in and visiting the community or while using Common Areas and facilities (if any) within the community. Additional Restrictions and Regulations are set out in the Declaration.

We encourage you to review this document, to familiarize yourself with the Regulations that are set out here and in the Declaration, as well as the requirements spelled out in the Architectural Guidelines and to embrace the standards established by these three documents as they are intended to help the Association and its homeowners maintain a secure and harmonious environment within the community.

Capitalized terms used in this document shall have the same meaning as the definitions in the Declaration, as amended, and should there be any conflicts between these Regulations and the Declaration, the Declaration shall control.

SCOPE OF AUTHORITY GRANTED

The scope of the authority granted to the Developer and later to the Association, is set out in the Declaration, which encumbers every Lot, road right-of-way and all Common Areas (if any), as well as in the Association's By-laws. In addition to creating certain specific Restrictions and Regulations, the Declaration authorizes the Developer (and later the Association) to create additional Regulations for the Lots, road right-of-ways and Common Areas. The Developer (and later the Association) is also authorized by the Declaration to amend those Regulations contained in this document and the Architectural Review Guidelines as well as any other Regulations that the Developer or the Association might create and add to these documents from time to time.

To assure compliance with the Declaration and this document, the Declaration and this document make available to the Developer and the Association, remedies to enforce the Declaration and any restrictions or Regulations set out in the Declaration or in this document. Additionally, the Declaration defines the Developer's and the Association's authority to waive or grant variances to specific Regulations.

VARIANCES

The Developer or the Association, When Empowered, shall have the right to, as determined in its sole discretion, waive or grant temporary or permanent variances to any

Regulation set out in this document that are not violations of the Declaration. All variances shall be in writing and shall be specific as to the time period for which it is in effect and the action that is to be allowed. **Nothing herein shall be deemed to allow the Board of Directors to grant variances to any law or ordinance or to the ruling or decision of any governmental body having jurisdiction.**

DEVELOPER'S RIGHT TO OVERRIDE

Until one hundred (100%) percent of the Dwellings permitted by the Master Plan have certificates of occupancy issued thereon and have been conveyed to Owners other than builders holding title for purposes of development and sale, the Developer may, in its sole discretion: amend the Regulations of the Association; waive the violation of any Regulation issued by the Association; grant variances to the Regulations of the Association; veto any modification to the Regulations proposed or implemented by the Association; override any attempt by the Association to enforce or implement the Regulations; and require the Association to enforce and implement any provision of the Regulations.

VIOLATIONS: NOTICE, APPEAL AND REMEDIES

NOTICE OF A VIOLATION

Notice of violation of the Declaration and the By-Laws of the Association or of the Regulations of the Association shall be posted on a Lot or written notification from the Developer or the Association shall be sent to the Lot Owner at the address shown in the records of the Association. Notices shall site: the nature of the violation, the corrective actions required, the date of the notice and the deadline for compliance or the time in which the corrective action must be completed and an address for written response from the Lot Owner in violation, if any.

APPEAL/RESPONSE TO NOTICE OF A VIOLATION

Except in the case of an emergency, which shall be denoted on any notice of a violation, or as otherwise provided in these Regulations, the By-laws, or the Declaration, Lot Owners shall have a period of seven (7) days from the date of notice indicated upon the notice of a violation (or such other period as stated in the notice) in which to contest the initial finding of the Developer or the Association with respect to a violation, any corrective actions that it may require, or the time frame that has allowed by the Developer or the Association for completion of the corrective action. Any request for appeal submitted by an Owner shall be in writing and shall be delivered to the location noted on the notice for response prior to 5:00 PM on the seventh (7th) day or the date stated in the notice of violation.

Upon the appeal of an initial decision of the Developer or the Association by a Lot Owner, the Developer or the Association, When Empowered, shall determine what action by the Lot Owner, if any, is appropriate and warranted and shall notify the lot Owner of

its decision providing a timeframe for compliance, if any is required. The decision of the Developer or the Association, When Empowered, shall then be final and may no longer be appealed. Neither the Developer nor the Association, When Empowered, is mandated by an appeal to allow additional time for compliance by a Lot Owner, but may do so at its sole discretion.

If the Lot Owner does not submit a written request for appeal of a decision of the Developer or of the Association, When Empowered, within the seven (7) days (or such other period set out in the notice) or does not correct the violation within the time specified in the notice, and if the Association, When Empowered, determines that Assessments for Non-compliance and/or corrective action are warranted, the Developer or the Association, When Empowered, may take corrective action at the lot Owner's expense and the Association may levy all appropriate Assessments.

REMEDIES FOR NON-COMPLIANCE

In accordance with the Declaration, the Association may levy an Assessment for Non-compliance against the Lot of any Lot Owner who fails to comply with a notice of violation from the Developer or the Association. Though some of the other remedies of the Developer and the Association, When Empowered, are more specifically defined in the Declaration and in the By-laws of the Association, upon notice to any Lot Owner, the Developer or the Association, When Empowered, shall have the right to require that any violation of the Declaration, By-laws, the Architectural Guidelines and these Regulations be corrected within a reasonable time frame provided in that notice and, unless otherwise provided in these documents, to take appropriate action to remedy the violation, including but not limited to any action at law. The cost of that correction, together with the cost of any action such as the cost of any supervision and/or management of these activities taken by the Developer or the Association to insure that this compliance is achieved; any Assessments for Non-Compliance levied by the Association and any collection cost or attorney fees, may then be added by the Association to the Association's continuing lien on that Lot and shall become the personal obligation of the Owner or Co-owner(s) of the Lot.-

GENERAL REGULATIONS

PROPERTY MAINTENANCE AND

USE OF PROPERTY

Unless otherwise designated in a Supplemental Declaration filed by the Developer for additional phases of the community, all Lots shall be used for single-family residential purposes only, and no commercial enterprise, business or business activity shall be carried on or upon any Lot at any time, except with the written approval of the Developer or the Association, When Empowered. The term "business" shall be construed to have their ordinary, generally accepted meanings, and shall include, without limitation, any occupation, work or activity undertaken on an ongoing basis which involves the

provision of goods or services to persons other than the provider's family and for which the provider receives a fee, compensation, or other form of consideration, regardless of whether: (i) such activity is engaged in full or part-time; (ii) such activity is intended to or does generate a profit; or (iii) a license is required therefore. **The Association shall at all times have the authority to determine in its sole discretion whether or not an activity falls within the parameters of a commercial enterprise, business or business activity and whether or not that activity requires approval by the Association in order to be conducted. It is therefore prudent for a Lot owner to consult the Association prior to commencing any activity that might conceivably be considered by the Association as a commercial enterprise, business or business activity and if approval is required, to obtain that approval in writing.**

Nothing herein shall prevent the Developer or any builder of homes in the community approved by Developer from using any Lot owned by Developer or such builder of homes for the purpose of carrying on business related to the development, improvement and sale of property in the community, including the establishment of one or more model homes; or, to the extent allowed by applicable zoning laws, a private office to be maintained in a dwelling located on any of the Lots, subject to any and all conditions established by the approval granted by the Developer or the Association, When Empowered.

Notwithstanding the above, the leasing of a home on a Lot shall not be considered a trade or business within the meaning of this section. Whether or not it is specifically stated in a lease agreement, the Declaration makes all leases subject to the Declaration, By-Laws, the Regulations and the Architectural Guidelines. In addition, the Declaration requires all tenants and their guests to comply with these documents and makes the Lot Owner responsible for providing the tenant with notice of this fact and the requirements under these documents and for the actions of the tenant and of their guests.

No garage sale, moving sale, rummage sale or similar activity and no trade or business may be conducted in or from any Lot without the approval of the Association, except that an Owner or occupant residing in a Lot may conduct business activities within the Unit so long as: (a) the existence or operation of the business activity is not apparent or detectable by sight, sound or smell from outside the Structures on the Lot; (b) the business activity conforms to all zoning requirements for the Properties and all other applicable laws and regulations; (c) the business activity does not involve persons coming onto the Lot or into the Properties who do not reside on that Lot or in the Properties or door-to-door solicitation of residents of the Properties in any way; and (d) the business activity is consistent with the residential character of the Properties and does not constitute any sort of a nuisance, or create a hazard or offensive use of any type or threaten the security or safety of other residents of the Properties, as may be determined in the sole discretion of the Developer or the Association, When Empowered. No signage advertising or identifying a commercial enterprise, business, or a business activity (including garage sales) may be displayed on a Lot, from a Structure located on a Lot where it is in any way visible outside of that Structure, within any location abutting a private or public road right-of-way within the Properties or within a public road right-of-way abutting the Properties without the approval of the Developer or the Association, When Empowered.

DWELLINGS LEASES

Notwithstanding the above, the leasing of a home on a Lot shall not be considered a trade or business within the meaning of this section. Whether or not it is specifically stated in a lease agreement, the Declaration makes all leases subject to the Declaration, By-Laws, the Regulations and the Architectural Guidelines. In addition, the Declaration requires all tenants and their guests to comply with these documents and makes the Lot Owner responsible for providing the tenant with notice of this fact and the requirements under these documents and for the actions of the tenant and of their guests.

Dwellings may not be leased in total or in part for periods of less than six (6) months, unless the circumstances and the terms of the lease are specifically approved in writing by the Board of Directors of the Association. This limitation specifically applies to daily, weekly or monthly leases, including short term stay rental agreements obtained by the Lot Owner or an individual, entity or agency that locates tenants and leasable properties for such purposes. Prohibited use shall include, but not limited to, any use of a Unit, or rooms(s) in a Unit as a bed and breakfast, regardless of whether the owner/operator resides in the Unit, and/or any use of transient, hotel, motel, lodging, vacation rental, nightly rental, tourist home, tourist house or similar usage.

LOT OWNER'S RESPONSIBILITY

The Declaration requires that each owner comply with the Regulations. It is the responsibility of each lot/home owner to obtain a copy of these documents, to familiarize themselves with these documents and to require that their family members, guests, invitees, licensees and permittees do so as well. Failure on the part of an owner to acquire or to be provided with a copy of the Declaration, the Architectural Review Guidelines or the Regulations or to review these documents upon receipt does not in any way minimize the rights of the Developer or the Association, When Empowered, to enforce the terms of these documents or relieve an owner of the obligation of that owner, its family, its guests, its invitees, its licensees or permittees of their obligation to comply with these documents or the regulations set out in them.

Seasonal Decorating Standards: 1) No décor on the roof (eaves excepted); 2) No large, inflatable objects/décor; 3) no décor in the commons areas, commons fencing or commons walls; 4) Holiday/Christmas decorating prior to Thanksgiving Day is prohibited, and all decorations must be removed by January 16 of the new year. Halloween: Décor for Halloween is appropriate beginning October 1, not before, and should be removed one week after Halloween. These Regulations effective February 6, 2006 by unanimous vote of the SMHOA Board of Directors.

FENCES

Fencing for properties will be within the standards originally set for Saluda Mill property owners. Prohibited is cyclone fencing of any type, vinyl covered, cyclone-slatted, or otherwise, surrounding any yard of a resident's property. Standards for fencing will be those originally set of wood, stone, brick, wrought

iron, or as determined on a case-by-case basis of the Architectural Committee and the Board of Directors. A homeowner MUST apply to the Saluda Mill Homeowners Association's Architectural Review Committee (ARC) for fencing additions or changes. Approved by the Saluda Mill HOA Board of Directors on January 12, 2010:

MAINTENANCE ROAD RIGHT-OF-WAY

As further defined in the Declaration, unless designated as a Common Area or unless the responsibility for maintenance of this area is assumed by the Association as part of the Area of Common Responsibility, each homeowner shall be responsible for the installation (if landscaping acceptable to the Association does not already exist) and continued maintenance of landscaping in any portion of the road right-of-way that exists between the back of the curb (or the actual pavement, where no curbing exists) and their property line. As with all Structures located upon a Lot, including landscaping, the installation of all Structures located within these areas shall be subject to the approval of the Association and the quality of maintenance within these areas shall be subject to the standards established by the Association. All remedies available to the Association for the failure of a Lot Owner to obtain approval for the installation of a Structure or for failure of a Lot Owner to properly maintain a Structure in these areas in accordance with the standards established by the Association, including landscaping, shall be the same as those remedies available to the Association for Lot Owners who fail to properly obtain approval, install and maintain Structures on their Lots.

Window treatments and blinds that are viewable from the exterior of a home are to be white or off white in color (or as otherwise set out in the Architectural Guidelines) and must be kept in good repair at all times.

UNSIGHTLY OR UNKEMPT CONDITIONS:

It shall be the responsibility of each Owner to prevent the development of any unclean, unhealthy, unsightly, or unkempt conditions on their Lot, including the failure to properly install or maintain landscaping. The pursuit of hobbies or other activities, which might tend to cause disorderly, unsightly, or unkempt conditions, shall not be pursued or undertaken on any part of the Properties. No Lot or Structure on a Lot within the Properties shall be used, in whole or in part, for the storage of any property or thing that will in the sole opinion of the Developer or the Association, cause such Lot or Structure to appear to be in an unclean or untidy condition or that will be obnoxious to the eye; nor

As set out in the Declaration, all Lot Owners are responsible for the maintenance of landscaping and the removal of debris from their Lot. No appliances shall at any time be stored on an exterior porch, patio or other like structure.

GARAGE DOORS:

Garage doors are to remain closed at all times when access is not required, with the exception of periods when continued access is required for the completion of a project or activity. In this event, garage doors may not be left open for periods in excess of twelve (12) hours and in no case overnight. The practice of leaving garage doors open for activities and projects for extended periods shall not become frequent, continuous or habitual and the frequency of leaving garage doors open to view from the street shall not constitute a nuisance to other Lot owners in the community. Trash, garbage or other waste shall not be kept except in sanitary containers designed for that purpose and which are approved by the Developer or the Association, When Empowered, and screened from public view in a manner acceptable to the Developer or the Association, When Empowered. All equipment for the storage or disposal of such waste material shall be kept in a clean and sanitary condition. No burning of any trash (except as approved by the Developer or the Association, When empowered) and no unreasonable or unsightly accumulation or storage of litter, new or used building materials, or trash of any other kind shall be permitted on any Lot, street or upon any Common Area and all of these areas shall be kept clean at all times. If such litter or other materials is found on any Lot, the same will be removed by the Owner of such Lot, at the

Owner's expense, upon written request of the Developer or the Association, When Empowered. Should the Owner fail to remove the refuse within the period set out in the written notice, the Developer or the Association, When Empowered, shall have the right to see that the refuse is removed by an appropriate party and to have the Association assess the Owner of that Lot for all of the costs associated with that removal, together with any collection costs, which shall become a part of the Association's continuing lien on the lot.

The size, type and storage location of all garbage containers shall be approved by the Developer or the Association, When Empowered. Except on the day of pickup by the garbage collector, all containers shall be located in a garage or in rear yards or side yards, screened or walled from front streets and adjoining properties in a manner approved by the Developer or the Association, When Empowered. Upon notice from the Developer or the Association, When Empowered, that the type, quantity, location, condition of the trash or debris is unacceptable or that the time frame that the trash or Debris has or will remain in view is unacceptable, an owner shall remove such trash and debris from view of the street and other Lot Owners or from the Lot if directed to do so by the Developer or the Association, When Empowered.

Each Owner or Builder shall maintain its Lot in a neat and orderly condition throughout initial construction of a residential dwelling and not allow trash and debris from its activities to be carried by the wind or otherwise scattered within the Properties. Each Owner shall keep roadways, easements, swales, and other portions of the Properties clear of silt, construction materials and trash from its activities at all times. Trash and debris during initial construction of a residential dwelling shall be contained in a standard size dumpster or other appropriate receptacles and removed regularly from Lot and shall not be burned (except in a manner approved by the Developer or the Association, When Empowered), buried or covered on the Lot. This provision shall not apply to the Declarant or to any Builder in the process of constructing approved improvements.

All passenger vehicles may be parked in garages or on driveways, if the Developer or the Association, When Empowered, determines that the number of vehicles or their type or condition is not detrimental to the good of the community or its residents. Parking on the street of any passenger vehicle is strictly prohibited when there is available space in the driveway or garage (use of the garage as a general storage area does not eliminate it from being an "available" parking location).

Where all available driveway and garage spaces are utilized by other vehicles, parking on the street of a passenger vehicle of a lot owner shall not be allowed if it is frequent, habitual or continuous and parking on the street of a passenger vehicle of a lot owner or of the temporary guest of a lot owner shall only be allowed if it is temporary in nature (less than six (6) hours) and in a manner or location that is neither a nuisance to any other lot owners, unsafe or hazardous to traffic or to persons within the community.

An example of parking that would constitute a nuisance to other lot owners would include, but not be limited to, blocking or impeding the use of a driveway by another homeowner. Examples of parking in a manner that is unsafe or hazardous shall include, but not be limited to, parking in a manner or location that: interferes with appropriate site-distance for the roadway, is on a hill where visibility is limited, is on a curve where visibility is limited, is near an entrance or intersection or is near a common areas where children might be playing or where other persons might collect on a frequent basis.

No animals shall be kept, bred or maintained for commercial purposes and all animals must be properly cared for and kept free of contagious diseases.

All pets shall be reasonably controlled by the owner whenever outside a home and shall be kept in a manner that prevents excessive barking or other acts that would, in the opinion of the Association, constitute a nuisance to other owners in the community. The owners of the pet shall be responsible for all of the pet's actions. If, in the sole opinion of the Board, any animal becomes destructive of wildlife, dangerous or an annoyance or nuisance to the Owners of Lots within the Properties or of a nearby property, such animal shall be removed from the Properties upon notice from the Developer or the Association, When Empowered.

No pet shall be allowed by its owner to roam free (without being contained within a fenced area on the lot or, when not within a fenced area, confined by a leash) or to deposit its feces on the lot of another owner or on a common area. Those pets which are permitted to roam free, or, in the sole discretion of the Association, endanger the health, make objectionable noise, or constitute a nuisance or inconvenience to the Owners of other Lots or the owner of any portion of the Properties shall be removed by the Owner, upon notice from the Developer or the Association, When Empowered. Any pet may be removed by the Association, if that Owner fails to remove the pet after proper notice from the Association. Should a pet deposit its feces on the lot of another Owner or upon a common area, it shall be the responsibility of the pet's owner or the Owner of the Lot where the pet is kept to immediately remove the feces.

EQUIPMENT IN COMMON AREAS:

SIGNS, BANNERS, ETC.:

No banners, letters, or signage of any kind shall be erected or attached to any home or Lot or located in or about windows visible from the street or adjoining properties without the approval of the Developer or the Authority. Such approval shall not in any way set a precedent or establish a policy with respect to the approval or disapproval of other signage to be located in any other location within the Community.

For Rent signs are not allowed. Only one builder-identification and one approved "For Sale" sign shall be permitted on any one lot for homes or lots for sale that are owned by the Developer or by a builder approved by the Developer, unless approval for multiple signs is granted by the Developer or the Authority. No "For Sale by Owner", subcontractor, lending institution or other types of signs are allowed unless required by law or approved by the Developer or the Authority.
