**The Lancaster Activities
Directors Association**

was established in 1980
to enhance the lives of elders
by supporting, through networking
and education, the people
in Lancaster County and the
surrounding area who work with
them as activity professionals.

Through monthly meetings,
our website and Facebook page,
and our annual conference,
we provide opportunities for sharing
new ideas and methods,
working together to provide
solutions to common challenges
within our profession.

We mentor those who are
new to the profession and
encourage all members to become
highly qualified in the profession
through certification
and continuing education.

We promote the work of
activity professionals both
within communities serving
seniors and to the public.

We encourage and support
state and national participation
within our organization.
