

A MESSAGE FROM PASTOR FRED

Dear Friends,

It is always exciting to find one more time to share God's goodness over the just concluded quarter in our Fred's Kids school and Church Ministry. He who started the good work continues to bring to a good finish every quarterly undertaking.

Thank you and God Bless.

Pastor Fred

James 1:27

HIGH SCHOOL STUDENTS

We just received back our record High school students return home with good reports following the end of semester 1. Through great donor friends of Fred's Kids, they had all supplies and fees paid and therefore had an uninterrupted learning season. Praise be to God.

MARINDI ACADEMY

Their younger siblings at Marindi Academy also had their school needs met of learning resources, food and boarding supplies. During the semester we experienced great challenges of illnesses among our kids with a colossal amount of money spent on hospital bills. We appreciate the many prayers and financial assistance towards this from friends of the children and the Fred's Kids organization.

JUNIOR SECONDARY

Our biggest challenge of the year so far has been the changes passed down from the government. A significant change in the school curriculum introduced Junior Secondary school for grades 7 and 8 back at Marindi Academy. Only 6 months were given to put up the required facilities costing over \$30,000 (USD). We turned to you, our friends, for prayers for a miracle and true as your amazing God has always been, today the roof is coming along very well. Glory to God.

CHURCH OUTREACHES

It has been a season of great accomplishments in the church outreaches. The 10th Young Radienya Congregation now has a new tin structure church building with over 200 new chairs and an ever increasing congregation by day. God bless young Pastor Cleophas for great sacrifice and dedication. Only last weekend they had a very successful 5 days door to door witnessing with a big catch. Thank you friends for partnering to reach souls for Christ. As we share these great happenings our 2023 miracle is happening. The 11th Marindi Nyandiwa Church is 3 months old down in the Kigoto Lakeside area. A big outreach is planned for May to officially dedicate the church. Currently they worship under the tree with a small makeshift shade. Kindly be in prayers for big provisions for the usual new church needs.

2023 UPDATES

We plan to provide updates as more progress is made. As always, if you have any questions please reach out the Board. We love connecting with you!
