Office of the Governor
New Mexico State Capitol
Fourth Floor
Santa Fe, NM 87501

Dear Governor Michelle Lujan Grisham, Greetings to you:

I AM PAULETT ANGELLA HEMMING'S EARTH, THE MOST MIGHTY, POWERFUL, MADONNA OF THESE EARTHS AN THE ONLY CHREATOR OVER ALL CHREATIONS. NO ONE AN NO THING IS HIGHER THAN I AM. I AM THE MOST MIGHTY, POWERFUL, AN FINAL CHREATOR OF LIFE, OVER ALL LIFE, OVER ALL BREATHING, OVER ALL ESISTENCES AN AREA, AN OVER ALL DEATH, AN ANYTHING IN BETWEEN AN AFTER. I AM THE CORPUS CHRISTIE, THE HEAD OF ALL STATES/COUNTRIES AN HEAD OF ALL COURTS IN THIS EARTH, ALL EARTHS, ALL CHREATIONS, AN ALL ESISTENCES UNDER MY AUTHORITIES

For all my children here in this Earth, to protect you and your family and to remove the poisonous "Corona Virus", from your body. Read all the info below, so you know what to do and how to do it. Some elevations in this Earth have a different time, so adjust the time for the cooking. I AM on Elevation 1, Level one.

Vicks Vaporizing Jell or Vicks Vapor Rub.

Rub the Vicks vaporizing jell or oil all over your skin, face, scalp, lips, in the creases of your two ears, and your nose holes. Put the Vicks on our little finger and rub in your earholes only to where your finger can go. You can also use other brands or other types of vapor rub, or vaporizing jell, or vaporize chest rub. It is good to have this protection on your body before you go to work and before you go to sleep.

Vaseline Petroleum Jelly or Vaseline Oil

Rub Vaseline or other petroleum jellies on your lips many times a day and night and before you go to sleep. Rub Vaseline all over your skin, face, scalp, lips, in the creases of your two ears, nose hole, back, belly, private areas, legs, feet, toes, hands, neck shoulders, underarm, and the bottom of your feet. Put the Vaseline oil or jell on our little finger and rub in your earholes only to where your finger can go. You can wear Vaseline and the Vicks gel with your lipstick.

Disinfectant Spray

Spray the house, room, office, or building with the disinfectant spray, to clean the area. You can spray the room, house, or building then step outside into the fresh air for a few minutes.

Insect Sprays

Spray inside the building or the house with insect spray when no one will be there for about 4 hours or more. This can help to clean the inside area.

Pest Control

Spray the outdoor areas with mosquito repellent and other pest control. This can help to clean the outdoor areas.

Bissy Nut/Cola Nut

Get the Bissy cola nut and **boil** one tablespoon of it in about 6 cups of water. When boiling, the bissy nut must bubble up in the water for about 15 minutes or more, so the enzyme in the cola is transferred to the water. Strain it and let it cool. Do not throw away the cola nut, as you can reuse it about 2 to 3 times. The Bissy should be chopped up or grated then boil. In some areas, the Bissy is called “cola nut”. If you cannot get the cola nut/bissy, then use the cola leaves/bissy leaves and boil the same way. Do not add any type of sugar, syrup, or honey to herbal protection. Drink one or two mouthfuls of the cola nut juice many times every day. When you are drinking the bissy cola, you are to say: “This is to clean me inside and outside”. You can get bissy from <https://www.caribbeangardenseed.com>, <https://www.amazon.com>, and from other herbal shops in your community.

You can also boil the bissy leaves or the bissy nut; strain it, and pour in your bath, then take a hot bath with no soap and no shampoo. This means your skin must be clean before taking this cola herbal bath. While you are in the bissy bath, say: This is to clean inside and outside of me. You can also use a pumice stone or a rough stone to rub the bottom of your feet, so it gets clean. It is best if you do not shower or bathe for about two days or more after you take this herbal bath. If you need to bathe, then pour one cup of the bissy juice into a bottle and add about four cups of water to it.

After you shower or bathe, pour the juice all over your body including your face, your private parts, the bottom of your feet, and in between your toes. You can also pour it on your head if you want. Do not rinse off the bissy juice, it is to keep on your body. You can also rub your skin before you go to sleep, or before you go to work with the juice or the oil by pouring it in your hands and rub all over your body. Rub all over any time you want, especially if you forget to use the juice in the bath or after you shower. Once you are finished with the bissy bath and you come out of the bathtub, say the words: “This is done”. If you do not remember to say it, anytime you remember, even if it is a week after, or more, say “It is done”.

Fry Green Cola Nut, Bissy Nut, or the Leaves

Fry the green grated, or green chopped up bissy, cola, or tree leaves in olive oil then strain in a metal strainer, then bottled when it is cool for use anytime. Do not fry the dried nuts or dry leaves. Drink a teaspoon of the bissy oil every day to protect your inside.

Pine Needle Leaves

If you cannot find any cola nut or bissy nut, then use the leaves from the pine tree and boil about half a handful that can last you two to three days or more. Drink it and bathe with it as directed above. Fry the green leaves too, so you can use both the oil and the juice. **When you boil and fry the plant medicine, you know they are from real natural plants and not synthetic.**

Brown Pinecone

If you cannot reach any green pine tree leaves, then pick from the tree the brown pinecone, or look on the ground for those that are not old. Pull the brown pinecone petals off and boil in water the same way as above and drink. You can also use a big knife to chop up the brown pinecone, so it gets loose and then pull the petal apart. If you cannot pull the petals off, then put the brown pinecone into the water and boil/bubble up for about 20 minutes and drink the same as directed above (it is best if chopped up or loose). Also, use in a hot bath, or to rub on your skin inside or outside the shower. Do not add any type of sugar, syrup, or honey to herbal protection. After you have chopped up the brown pinecone, fry the brown petals in oliva oil, olive oil, or canola oil. Drink one teaspoon every day and say: this is to clean me inside and outside.

Cola Drink

Drink Pepsi Cola, Coca Cola, and other cola or kola drink like cherry cola to protect your body and to help remove the poison/virus from your body. When you drink the cola soda you will belch out the poison and the virus, and that will help to relieve the bad things from inside your body. Diet drinks are usually not good for your body. No food or drink is to have any enzymes or particle removed, and diet is connected to die, dead, and death. You is life (“is” is right not “are”), you can never be dead or death, as they are another kind that is not you. Diet is not a word to be used in this Earth. Diet is a word used outside this earth and very far away from this Hemmings sphere you live in.

Poison Control and Allergy Control

You can drink the pinecone juice, cola nut/bissy nut juice, pine head juice, and the oils to prevent and to stop many poison and allergies.

Pinecone for Snake Sting/Bite

Use the brown pinecone oil that is strong, and drink one or two mouthfuls to stop and remove the snake bites. You can drink this every one hour or every half hour to remove the poison. You are to feel and see the poison remove from your body in less than 15 minutes after you drink it. If not, drink it every half hour as the oil is not strong enough. Rub the oil also on the area where you get the sting or bite. If you get the bite on any part of your foot, rub all over your foot. You can drink both the juice and the oil by drinking one mouthful, two mouthfuls, or half a mouthful

of the oil, and then two mouthfuls of the juice. Do not add any type of sugar, syrup, or honey to herbal protection.

Rub on skin and drink the sea moss weed oil for some snake bites or sting, and insect bites or sting. The dried leaves or dry weed, or dry flowers, and all **dried** herb is to be boiled and not fried. The green leaves, fresh flowers, weeds, and nuts can both fry and boil. The bissy/cola nut, pineapple head, pine needle leaves can also be used to remove the snake sting and bites, other insect bite or sting, and for many allergy poisons. These must be in the distilled form and the doctors are to inject into the individual's veins to protect them. These must never be used in the synthetic form.

Jellyfish or Sting Ray Bite or Sting

Use the sea moss weed from the sea and dry off with a towel then fry in olive oil, oliva oil, or canola oil (these are the best oils to use). Pour half a cup (1/2) of oil in a pot and pour in about a quarter cup (1/4) which is less than half a cup of the brown cone, or the leaves. Fry in the oil by turning over the leaf so they are fried on both sides until brown. If you cannot find any of these oils, use the olive oil mix with anise oil, or the olive oil mix with sunflower oil (these are the second-best oils to use). If you cannot find any of those, use the sunflower oil, or anise oil, or coconut oil, or corn oil (these are the third-best oils to use).

If you cannot find any of these oils, then use any tree oil, plant oil, fruit oil, or legume oil you can find. Pour the oil and strain with a metal strainer into something that will not break and not melt. When cool pour in a clean and dry glass bottle with a cover. Write the name of the oil on a piece of paper and include the date you make the oil, and say for the jellyfish bite, stingray fish bite, scorpion bite, and then tape to the bottle. There are water snakes and other types of water fish that are poisonous, so the sea moss is good for any water insect or water fish bites and stings.

Pineapple Leaf or Pineapple Head

If you cannot find any pine leaves or brown pinecone, use the pineapple leaf, or the pineapple head leaves. Pull the pineapple head leaves apart or pull up a long pineapple leaf or cut the leaf from near the base. Cut up the leaves and boil and drink as directed above. Boil the pineapple head with the leaves and pour in your bath. Cut the leaves from the pineapple head or cut the pineapple tree leaves and boil so it bubbles up, then pour in the bathtub. Add hot or cool water to get the right warm temperature, then soak in the warm pine leaves herbal bath for half an hour or more. Do not rinse off.

Pineapple Head for Snake Sting/bite

Use the pineapple head oil that is strong in concentration, and drink one or two mouthfuls to stop and remove the snake bites. You can drink this every one hour or half-hour to remove the poison. You are to feel and see the poison remove from your body in less than 15 minutes after you drink

it. If not, drink it every half hour as the oil is not strong enough. You can freeze the boiled juice from all the plants identified and put in the refrigerator for when you do not have the time to make them fresh. You can also wrap the green leaves in a brown paper or brown bag and put in a freezer bag and put in the freezer to be used at another time.

Coconut Water

You can also drink the coconut water in the metal can, or the box every day. If you have your own coconut tree, drink the green water coconut or the dry coconut water that you pick and cut open.

Coconut Oil/Palm Oil

Drink one teaspoon full of coconut oil, or palm oil every day. You can also rub the coconut oil or the palm oil all over your skin including your scalp, in your nose, inside and outside your ears.

Cola Nut Tea/Bissy Tea

Boil the bissy tea bags or cola tea in a pot of water for about 10 to 15 minutes, strain and drink with no sugar and no honey and no syrup. When boiling, it must bubble up for the time and not dried out when cooking. The cooking fire must not be too strong, and you should watch the juice, so it does not dry out fast. The boiling must be bubbling up for the entire time. You can reduce the fire so less fire and must continue to bubble up. Do not steam cook any of the tea, or leaves, or fruit skin, or the flowers, or the bark, as they must be boiled. You can freeze the boiled juice in the refrigerator for when you do not have the time to make them fresh.

Tea

The tea from all plants, vegetables, vegetable leaves, flowers, flowers leaves, fruit, fruit skin, fruit leaves, both **non**-sweet and sweet must be available all the time in the pharmacies, drug stores, and herbal stores. They must be available in the original enzymes and molecules with no part removed or enhanced and must never be in the synthetic form.

Distilled Oil and Distilled Juice

All plants, vegetables, vegetable leaves, flowers, flowers leaves, fruit, fruit skin, fruit leaves, and bark are to be distilled and always available in the pharmacy, drug store, and herbal store and must be made from natural and never made from synthetic. The doctors are to use distilled medicine and inject into our veins to stop this sickness and all other types of sickness, and poison. It is wrong if these protections are not available in the stores, and it is wrong to make them available in the synthetic form.

Palm Oil

You can make palm oil by frying the palm leaves in olive oil, canola oil, or sunflower oil. You can also make palm oil by picking the unripe fruit, peel the skin off and fry the skin and the flesh in oil. Rub your body with the palm oil and drink a teaspoon full every day. You can also boil the palm leaves and soak in the warm juice to protect your body. Use lotion on your body and add the oil before or after you use the lotion.

Bitter Cola Nut

Photo from Amazon.com

Amazon.com has the African fresh bitter Kola nuts. This can be used and to be crushed, grated, chopped up. There are many types of cola nuts. Cola can also be spelled with a K.

The Bissy cola has caffeine. If you are sensitive to caffeine, it means that you have the caffeine killers and the gluten killer delevs inside of you. Drink the pine tree leaves/pine needle leaves, or the brown pinecone juice without any sugar or milk or honey, to remove the sensitivity to caffeine. The pinecone and the pine needle leaves can also protect you and remove the Corona Virus. Caffeine is right for the body and right for the children. No plant or trees or flowers must have any part taken out of them. No food should ever have any part removed. If you have a sensitivity to any type of food, the doctors must give you medicine that stops the sensitivity. When you eat gluten-free and caffeine-free food, your body will continue to deteriorate, as the poison delevs are still inside your body. Gluten-free and caffeine-free foods strengthen, enable, and support the killer delevs to continue to exist in your body.

Many of the doctors are not taught what is right from what is wrong, so they do not know. None of us is to use any synthetic medicine and the doctors and pharmacists have not been able to do anything to stop that. Synthetic is plastic, and the Earth's lives are not plastic, we are flesh, skin, blood, and bones. When the doctors know what is right, they cannot do what is right, as the delev government and delev politicians put themselves over the doctors, and the delevs do whatever they want, as the delevs, politicians, presidents, prime ministers, queens, kings, emperors, chancellors, and so on, are not the owner of the Earth. The delev governments, politicians, republicans are the killers of the Earth and the killers of the Earth lives. The doctors and nurses also die from cancers and the Corona virus. The doctor in China who first informed his colleagues about the Corona virus also died in February 2020 of the same Corona virus, see <https://www.nytimes.com/2020/02/06/world/asia/chinese-doctor-Li-Wenliang-coronavirus.html>. The delevs put themselves into all of us, and they are not to be in us or on us.

The Bissy cola nut can also protect you against cancers. When the Coroner pronounces anyone to be dead, after that, and all the time before they get to the coroner, no individual face must cover-up, their eyes must not be closed, and they must not be wrapped up tightly, as when they do this, they are stifling the individual. We can breathe from every part of our skin including our eyes and ears. None of us is ever dead or killed. We are life and always living. Our body can be in shock from an accident or disaster and our brain and senses stopped for a while until our body, our brain, and senses are energized. When our body is in shock, there may not be any motion in our body or in our senses, and so our body is to be put in the body incubator until our body is energized on its own time. The main blood vessels that pump blood to our heart are not called Coronary arteries, they are valves.

The devils have Corona in their body, they do not have heart. We are never ever to be given to the Coroner to be pronounced dead, as that is wrong and wicked. A death certificate is never to ever be prepared for us as none of us can ever be dead. The devils are from the dead existant, and they are no more, as they were extinguished, and those areas are no more. A new area was made for the new type of the devils and some of the areas are called death, die, and other names. The devils must never, ever be resurrected, and that was what they did, and then they put themselves in all areas and all existences they must never be in. The devils are also the Coroner. A Coroner is a politician and not a doctor with any medical degree. The Coroner is a devil and is also a devil police and also from the devil military/army.

If you have cancers drink the boiled bissi for four days, then wait one week without drinking it, then drink it for another four days, wait one week, and any time after, you drink it without counting the days. You are to write down the days, you drink it and write down the date, so you count the days right. You are to drink it maybe once a week, or twice a month, or as often as you can drink it, so it is in your body. These wicked poisonous devils they sometimes force themselves on you and in you and try to override the protection, so you are to drink the juice. The bissi is available in tea bags and powder form. You can drink the corona protections and other herbal protections in this 4 day on, one week off, 4 days on, one week off format, as it is very effective.

Note

These protections identified in this doc are to stop poison, virus, and stop allergies. If you do not feel comfortable using these protections, do not use them.

This info is **not to be used** for individuals that are made from plastic, or rubber, or sisal, or fiber, or stuffing, or any camouflage kind or skin type. No lawsuit can never, ever come from anyone getting this info, or for using these protections, or for anything connecting to me. The cut is the (/) and the cross is the (-) symbols are for you to understand. Damm and Blass are what you do to huge rocks for them to become rubble and to be used as stones. When you damm and blass devils they are no more.

Nobody and no thing should misrepresent or change any of my information in all these documents at any time. Do not say what I did not say, and do not use semantics in the knowledge I AM sharing. Politicians can never, ever, ever, ever, ever use my info for their own purpose; they can only do what I command them to do. Everything I write, I do in the best ways I can under devil federal governments and the devil state government terror and torture in my life. I Damm and Blass all wicked, I cut and cross cross all wicked, I Damm and Blass all wicked, I cut and cross cross all wicked. I Damm and Blass all wicked, I cut and cross cross all wicked, I Damm and Blass all wicked, I cut and cross cross all wicked 26 Times.
