HAND: Left

DRAW WEIGHT: 45#

AMO LENGTH: 58"

PRICE: \$129.00

SHIPPING & HANDLING: \$34.00

TOTAL COST: \$163.00

DESCRIPTION: This is the redesigned 70's version of the iconic Shakespeare Necedah X-26, one of the all-time great all-purpose bow models. Most of the redesigned early 70's X-26 models had an Imbuya riser, but this one is made of Maple. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decals are fair shape. There is some minor discoloration here and there from a stain or where tape was stuck. The riser and limbs were cleaned up and reconditioned with a few coats of Tru-Oil. Overall, this is a nice bow with no structural flaws at all.
