

Kentucky Bluegrass

Benefits:

- ✓ Excellent Wear Tolerance
- ✓ Dark Green
- ✓ Fine Leaf Texture
- ✓ Good Disease Resistance
- ✓ Performs well at Golf Course Fairway Mowing Height
- ✓ Great Heat Tolerance

Seeding Rates:

3-4 LBS/1,000 square feet for new establishment

1-2 LBS/1,000 square feet for overseeding

Blue Devil is a new sub-compact midnight type that features dark green color, fine leaf texture and excellent overall disease resistance. **Blue Devil** was rated number 4 in turf quality out of 277 Kentucky Bluegrass cultivars at Rutgers.

Blue Devil is suited for higher stress conditions compared to other bluegrass varieties. **Blue Devil** has excellent recovery ability, good drought tolerance and performs well under traffic.

Blue Devil is great for many applications such as sports fields, tees, fairways, rough, sod production, home lawns and commercial landscapes.
