

More details on the camping & fishing retreat Sep 20-23 ...

Our trip is scheduled for 20-23 Sept. We will be camping at the Silver Lake East Campground. This is the first campground on the left of Hwy 88 just before arriving at Silver Lake. It is before the Kit Carson Lodge turn off. Don't be confused by the campground on the right hand side (Silver Lake West).

Restaurants, if desired are available at Kit Carson Lodge and Plasse's Resort.

Lots of fishing options available. We can fish from shore or boat on Silver Lake, Caples Lake and Bear Reservoir. We can float tube Kirkwood and Woods Lake. There are multiple small streams in the area for some dry fly fishing too.

Campground reservations end on 2 Sept. It becomes first-come, first served after that date even though the campground does not close until 30 Sept. Several of us will go a day early in an attempt to hold sites so more of us can camp together with room for parking second vehicles including a fishing boat. All sites are dry camp, in the trees, water is available, vault toilets. Cost is \$24.00 per night.
