SPEAKER INFORMATION:

Breaking Free offers Equine Assisted Counseling for veterans, families and court-ordered or at-risk youth. In partnership with horses, Breaking Free is a local 501 (C)3 not-for-profit service that follows the EAGALA certified philosophy and techniques for Equine Assisted Psychotherapy and Equine Assisted Learning. By facilitating experiences between people and horses, EAGALA methods provide an effective means by which people can break free of those conditions which prevent them from reaching their potential in life, such as disappointment and disillusionment, discouragement, anger, misperception, and fear or anxiety.
