Ducks

Our waddling Ducks start at 15 months and are designed to guide toddlers to obtain a sense of security when away from home and meet their "first friends!" We offer fine/gross motor activities, social interactions, sensory play, self-awareness and a love for school & routine!

Caterpillars

Our Caterpillar class is designed for young preschool students and begins at 2.9 years. This class is especially made to help the transition from a Toddler to Preschool classroom. Students will start to lengthen attention spans, build confidence with self-help skills, and learn more about their abilities and self-awareness. This class will help guide children into confident, kind and empathetic peers! Hurry though, this class fills quickly and often has a wait list!

Butterflies

Our Butterfly class strongly encourages students to ask questions, explore, connect and are ready to take the next step in spreading their wings. Students will take the lead as they inspire, connect and engage in a love for learning. This classroom strongly encourages imaginations to run wild!

Owls

Our Owls class will provide a continuation of learning through varied styles and mediums designed to empower each child with skills needed for Kindergarten readiness. It is a place and time to expand on what we have already learned both socially and academically - giving a chance for the wise ol' owl to learn on a higher level. The class is also designed to stimulate imagination and energy with a curriculum rich in a variety of tactile, auditory, and visual experiences to promote hands-on exploration. Children must be entering Kindergarten the following year to be enrolled in Owls.
