Your Monthly News

Spring Break and the month of March was a busy time for both the Marina and Redfish Willie's. The weather was beautiful for the most part, but then the fog and mist came.....Then the infamous South Winds..... Then we had a cold front (or two) blow through..etc... There were plenty of fish being caught during the entire month. Redfish Willie's is breaking all records from the previous years in business! A new pavilion is being constructed to better serve our events we hold throughout the year.
