Dubai Academy of Dermatology (DAD 2018)

Enhancing and Developing Best Practices in Dermatology

EVENT OVERVIEW

Dubai Academy of Dermatology (DAD) is a successful Meeting by all means attracting Hundreds of delegates from Different specialties like Dermatologists, Pediatricians, General Practitioners, Family Physicians and Dermatopathologists. DAD became a destination for Physicians from different Regions, like GCC, Arab and Europe & MENA regions. Several Pharmaceutical companies supported this event since 2012, with a yearly growth in delegates and sponsors Presence. Having mentioned that, the organizing committee responding to delegates request to expand the meeting to involve different areas, but keeping the same standards.

Dubai Academy of Dermatology (DAD) will continue having Pediatric topics in the congress as the main, in addition to different tracks like, Adult medical and surgical Dermatology, Dermatological Emergencies, Histopathology and clinical Abstract sessions which will enrich the conference. Dubai Academy of Dermatology (DAD), will continue to get supports from Official organizations like, Dubai Health Authority, Dubai Tourism, regional and international Dermatology authorities. DAD will expand its collaboration with International Societies and attract international speakers from USA, Canada, Europe and Australia.

We expect this year's conference to build upon the previous edition's initiative in bringing together a large number of practicing Dermatologists within the Middle East Region and beyond.

The three day event will focus on prevention and treatment in Adult & Pediatric Dermatology. Educational information will be delivered through an innovative and interactive format which will include Keynote speeches, oral & poster presentations and panel discussions as well as some other exciting elements including quiz session.

Dubai Academy of Dermatology (DAD 2018)

Enhancing and Developing Best Practices in Dermatology

Venue

The Mohammed Bin Rashid Academic Medical Center (MBR-AMC) at Dubai Healthcare City (DHCC), is a dedicated academic complex, including The Mohammed Bin Rashid University of Medicine and Health Sciences, The Al Maktoum Medical Library, and The Khalaf Ahmad Al Habtoor Medical Simulation Center. It was established to improve the access and quality of healthcare education within Dubai and UAE. In delivering that purpose, one of the main functions of DHCC is to promote high standards of medical education and training so that patients now and in the future can be confident that they will receive safe, high quality medical care from trained professionals.

The MBR-AMC now has the infrastructure in place to become a hub for world-class healthcare education in Dubai, UAE and the region.
