Item 4 – Advisory Business

Alexander Beard (USA) LLC (AB USA) is an investment advisor providing investment advice to individuals, high net worth individuals, pensions and profit sharing plans, and corporations or other businesses. AB-USA specializes in assisting expatriates in transferring and managing their pension funds.

AB USA's goal is to help its clients invest their assets in the market and to develop portfolios that are customized to the client's risk tolerance and investment time horizon.

Alexander Beard (USA) LLC (AB USA) was formed in 2004 as a limited liability corporation. Alexander Beard (USA) LLC (AB USA) has provided advisory services, including asset management primarily to expatriates from the United Kingdom until 2016.

Ownership:

- Alexander Beard Group PLC: 70% ownership. Mr. Paul Beard serves as President and Owner of Alexander Beard Group PLC.
- Scott Schwartz, Managing Member/co-founder: 30% of ownership

Type of Service

AB USA offers asset and portfolio management services.

Asset Management/Portfolio Management: AB USA offers asset and portfolio management services. Our firm gathers information about its clients through personal consultations and documents that are completed by the client, including a Risk Tolerance Questionnaire.

Portfolio Management

AB USA analyzes each client's financial situation, investment objectives and risk tolerance, and then recommends a standardized portfolio. AB USA then develops its client's portfolios based on the specific investment objectives of the client. This process includes conducting an in-depth analysis of: time horizon, risk tolerance and performance expectation. The asset allocation and types of securities varies among the portfolios based on these criteria. The portfolios generally contain no-load mutual funds and/or ETFs; however, a portfolio may include other types of investments.

AB USA may also recommend any other products which it determines are appropriate in order to address the individualized needs, goals, and objectives of the client.

As of January 11, 2018, Alexander Beard (USA) LLC manages \$40,221,000 on a discretionary basis and \$0 on a nondiscretionary basis.

Financial Planning

The Standards of Professional Conduct (Standards) define financial planning as “the process of determining whether and how an individual can meet life goals through the proper management of financial resources. Financial planning integrates the financial planning process with the financial planning subject areas.”

There are six steps to the financial planning process:

1. Establishing and defining the client-planner relationship
2. Gathering client data including goals
3. Analyzing and evaluating the client’s current financial status
4. Developing and presenting recommendations and/or alternatives
5. Implementing the recommendations
6. Monitoring the recommendations

“Financial planning subject areas” denotes the basic subject fields covered in the financial planning process which typically include, but are not limited to:

- Financial statement preparation and analysis (including cash flow analysis/planning and budgeting)
- Insurance planning and risk management
- Employee benefits planning
- Investment planning
- Income tax planning
- Retirement planning
- Estate planning

Clients may impose restrictions on investing in certain securities types. As warranted, any restrictions will be disclosed on the client’s investment management, financial planning agreements, and/or investment policy statements.

Each Account will be billed on a Monthly or Quarterly Basis.

The specific manner in which fees are charged by Alexander Beard (USA) LLC is established in a client's written agreement with Alexander Beard (USA) LLC. Alexander Beard (USA) LLC will generally bill its fees on a quarterly basis. Clients may elect to be billed in advance or arrears at the end of each month or following quarter. Clients may also elect to be billed directly for fees (e.g. invoice send to client) or to authorize Alexander Beard (USA) LLC to directly debit fees from client accounts. Management fees shall [or shall not] be prorated for each capital contribution and withdrawal made during the applicable calendar quarter (with the exception of de minimis contributions and withdrawals). Accounts initiated or terminated during a calendar quarter will be charged a prorated fee. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable. The client has the right to terminate an agreement without penalty within five business days after entering into the agreement.

Advisory fees in general: In accordance with CCR Section 260.238(j), clients should note that lower fees for comparable services may be available from other sources. Fees charged are not refundable.

Alexander Beard (USA) LLC's fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which shall be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. Such charges, fees and commissions are exclusive of and in addition to Alexander Beard (USA) LLC's fees and Alexander Beard (USA) LLC shall not receive any portion of these commissions, fees, and costs.

Item 12 further describes the factors that Alexander Beard (USA) LLC considers in selecting or recommending broker-dealers for *client* transactions and determining the reasonableness of their compensation (e.g., commissions).

Item 6 – Performance-Based Fees and Side-By-Side Management

Alexander Beard (USA) LLC does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client).

Item 7 – Types of Clients

Alexander Beard (USA) LLC provides portfolio management services to individuals, high net worth individuals, pensions and profit sharing plans, and corporations or other businesses.

Alexander Beard (USA) LLC generally requires a minimum account of \$50,000 to open a portfolio.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

The Managing Directors of Alexander Beard (USA) LLC are responsible for screening, selecting and monitoring investment managers for each asset class. Alexander Beard (USA) LLC continuously tracks investment managers and monitors their performance on the basis of the following criteria:

- The manager's specification of and adherence to a clearly articulated and appropriate investment philosophy and process.
- Material changes in the manager's organization and personnel.
- Comparisons of performance results to appropriate indices that take into account asset class and investment style.

The main sources of information Alexander Beard (USA) LLC uses to analyze securities are product websites, meetings with product wholesalers, third party research materials (e.g., Morningstar), financial newspapers and magazines, and corporate ratings services.

Investment Strategies

Alexander Beard (USA) LLC bases its primary investment strategy on Modern Portfolio Theory which states that owning allocations of different asset classes that don't always move up or down together, is the best way to maximize returns while minimizing risk.

Alexander Beard (USA) LLC strives to construct efficient portfolios of internationally diversified stock and bond funds.

Alexander Beard (USA) LLC recommends standardized portfolios based on the results of the client's risk questionnaire. These include but are not limited to:

- **Stock Portfolio:** Seeks to provide long-term growth of capital with a time frame of over ten years.
- **Aggressive Growth Portfolio:** Seeks to provide long-term growth of capital with a time frame of at least seven years.
- **Growth Portfolio:** Seeks to provide long-term growth of capital with a moderate level of current income with a time frame of five years.
- **Moderate Growth Portfolio:** Seeks to provide long-term growth of capital with current income with a time frame of three to five years.
- **Conservative Growth Portfolio:** Seeks to provide a high level of current income with the opportunity for capital appreciation.

The portfolios are designed to maximize expected return for a given amount of portfolio risk, or equivalently minimize risk for a given level of expected return.

Investment Risks

Investing involves risks that clients should understand and be prepared to accept. The risks can range from failing to keep pace with inflation to losing some or all of the money you invest.

Common risks that investors face for each investment strategy include:

Investment Management and Financial Planning

- **Systematic or Market Risks:** Relates to factors that affect the overall economy or securities markets. Market risk affects all companies, regardless of the company's financial condition, management, or capital structure, and, depending on the investment, can involve international as well as domestic factors.
- **Interest-rate Risks:** The risk that the value of a security will go down because of changes in interest rates. For instance, when interest rates rise, the yields on existing bonds decrease and become less attractive to potential investors, causing their market values to decline.

-
- **Inflation Risks:** The risk that increases in the prices of goods and services, and therefore the cost of living, reduce your purchasing power.
 - **Currency Risks:** This risk occurs because many world currencies float against each other. If money needs to be converted to a different currency to make an investment, any change in the exchange rate between that currency and yours can increase or reduce your investment return.
 - **Liquidity Risks:** The risk of having difficulty in liquidating an investment position without taking a significant discount from current market value. Liquidity risk can be a significant problem with certain lightly traded securities such as unlisted options and municipal bonds that were part of small issues.
 - **Non-systematic Risks:** The risk associated with investing in a particular product, company, or industry sector.
 - **Management Risks:** Refers to the impact that bad management decisions, other internal missteps, or even external situations can have on a company's performance and, as a consequence, on the value of investments in that company.
 - **Credit Risks:** The risk that an issuer of debt securities (e.g., bond) or a borrower default on its obligations and will be unable to make payment of interest or principal in a timely manner.
 - **Financial Risks:** The risk that a company will be unable to meet its financial obligations. This risk is primarily a function of the relative amount of debt that the company uses to finance its assets. A higher proportion of debt increases the likelihood that at some point the company will be unable to make the required interest and principal payments.

Risk plays a key role in the investment strategy that Alexander Beard (USA) LLC advisory personnel develop for clients. Alexander Beard (USA) LLC primarily uses the following tactics to reduce investment risk:

- Diversification - Investing in a wide variety of assets to reduce risk
- Negatively correlated assets (prices move in the opposite direction) to reduce the volatility of the total portfolio and provide higher returns for less risk

-
- Ongoing monitoring processes and active management including transaction reviews, portfolio reviews, account rebalancing and regular client meetings as a means to control risk

While these tactics can reduce risk, there are times when almost all asset classes can decline simultaneously, especially in the short-term. Alexander Beard (USA) LLC cautions all clients and potential clients that investing in securities involves risk of loss; although Alexander Beard (USA) LLC does its best to minimize risk, clients should be prepared to bear losses when they occur.

Item 9 – Disciplinary Information

Registered investment advisers are required to disclose all material facts regarding any legal or disciplinary events that would be material to your evaluation of Alexander Beard (USA) LLC or the integrity of Alexander Beard (USA) LLC’s management.

Alexander Beard (USA) LLC has no information applicable to this Item.

Item 10 – Other Financial Industry Activities and Affiliations

Alexander Beard (USA) LLC reminds clients that they are not obligated in any manner to implement the recommendations of its advisors in their separate capacities as insurance agents. Alexander Beard (USA) LLC is affiliated with Alexander Beard Investment Management Limited, an FCA regulated investment firm based in the UK. Alexander Beard Group PLC owns a stake in both companies.

Mr. Schwartz is also a qualified pilot. Mr. Schwartz is also a licensed insurance agent. These activities take up approximately 15 hours per week.

Item 11 – Code of Ethics , Participation in Client Transactions and Personal Trading

Alexander Beard (USA) LLC has adopted a Code of Ethics for all supervised persons of the firm describing its high standard of business conduct, and fiduciary duty to its clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, and personal securities trading procedures, among other things. All supervised persons at Alexander Beard (USA) LLC must acknowledge the terms of the Code of Ethics annually, or as amended.

Alexander Beard (USA) LLC anticipates that, in appropriate circumstances, consistent with clients' investment objectives, it will cause accounts over which Alexander Beard (USA) LLC has management authority to effect, and will recommend to investment advisory clients or prospective clients, the purchase or sale of securities in which Alexander Beard (USA) LLC, its affiliates and/or clients, directly or indirectly, have a position of interest. Alexander Beard (USA) LLC's employees and persons associated with Alexander Beard (USA) LLC are required to follow Alexander Beard (USA) LLC's Code of Ethics. Subject to satisfying this policy and applicable laws, officers, directors and employees of Alexander Beard (USA) LLC and its affiliates may trade for their own accounts in securities which are recommended to and/or purchased for Alexander Beard (USA) LLC's clients. The Code of Ethics is designed to assure that the personal securities transactions, activities and interests of the employees of Alexander Beard (USA) LLC will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts. Under the Code certain classes of securities have been designated as exempt transactions, based upon a determination that these would materially not interfere with the best interest of Alexander Beard (USA) LLC's clients. In addition, the Code requires pre-clearance of many transactions, and restricts trading in close proximity to client trading activity. Nonetheless, because the Code of Ethics in some circumstances would permit employees to invest in the same securities as clients, there is a possibility that employees might benefit from market activity by a client in a security held by an employee. Employee trading is continually monitored under the Code of Ethics, and to reasonably prevent conflicts of interest between Alexander Beard (USA) LLC and its clients.

Certain affiliated accounts may trade in the same securities with client accounts on an aggregated basis when consistent with Alexander Beard (USA) LLC's obligation of best execution. In such circumstances, the affiliated and client accounts will share commission costs equally and receive securities at a total average price. Alexander Beard (USA) LLC will retain records of the trade order (specifying each participating account) and its allocation, which will be completed prior to the entry of the aggregated order. Completed orders will be allocated as specified in the initial trade order. Partially filled orders will be allocated on a pro rata basis. Any exceptions will be explained on the Order.

Alexander Beard (USA) LLC's clients or prospective clients may request a copy of the firm's Code of Ethics by contacting Scott Schwartz at 650-260-7440 or scott.schwartz@abg-usa.net.

It is Alexander Beard (USA) LLC's policy that the firm will not affect any principal or agency cross securities transactions for client accounts. Alexander Beard (USA) LLC will also not cross trades between client accounts. Principal transactions are generally defined as transactions where an adviser, acting as principal for its own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated hedge fund and another client account. An agency cross transaction is defined as a transaction where a person acts as an investment adviser in relation to a transaction in which the investment adviser, or any person controlled by or under common control with the investment adviser, acts as broker for both the advisory client and for another person on the other side of the transaction. Agency cross transactions may arise where an adviser is dually registered as a broker-dealer or has an affiliated broker-dealer.

Item 12 – Brokerage Practices

Alexander Beard (USA) LLC currently uses TD Ameritrade and Interactive Brokers as its primary custodians. Clients engaging Alexander Beard (USA) LLC for portfolio management services authorize the Advisor to determine the securities to be bought and sold, including the number of shares and/or dollar value. Alexander Beard (USA) LLC authority is limited to trading activity in the investment account belonging to the client, and does not authorize Alexander Beard (USA) LLC to transfer money or securities into or out of the account.

Client assets must be held at a qualified custodian which is generally a broker-dealer or bank. Alexander Beard (USA) LLC recommends that clients hold their assets at TD Ameritrade or Interactive Brokers, both are unaffiliated broker-dealers that are FINRA and SIPC members. Alexander Beard (USA) LLC considers several factors prior to recommending a custodian including financial strength, reputation, reporting, execution, pricing, and research. Generally, client account custodians are compensated in the form of brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e., transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity/debt securities transactions). To the extent TD Ameritrade or Interactive Brokers charges transaction fees and commissions, it charges rates which are generally considered discounted from customary retail commission rates. However, the commissions and/or transaction fees charged by TD Ameritrade or Interactive Brokers may be higher or lower than those charged by other custodians.

Directed Brokerage

Clients may direct Alexander Beard (USA) LLC to use a particular broker-dealer to execute some or all transactions for the client. In these circumstances, the client will negotiate terms and arrangements for the account.

Clients should also understand that if they direct the use of a particular broker or dealer:

- Alexander Beard (USA) LLC does not have the authority to negotiate commissions or obtain volume discounts
- Best execution may not be achieved
- Commission charges may vary between clients depending on the custodian holding the client account

Soft Dollar or Economic Benefits

Alexander Beard (USA) LLC participates in TD Ameritrade's, client program for custody and brokerage services. There is no direct link between Alexander Beard (USA) LLC's participation in the program and the investment advice given to clients, although Alexander Beard (USA) LLC receives economic benefits through participation in the program that are typically not available to TD Ameritrade's retail investors.

These benefits include the following products and services (provided without cost or at a discount): duplicate client statements and confirmations; research related products and tools; consulting services; ability to trade in an omnibus account; the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Alexander Beard (USA) LLC by third party vendors. TD Ameritrade may also pay for business consulting and professional services received by Alexander Beard (USA) LLC related persons and may also pay or reimburse expenses (including travel, lodging, meals and entertainment expenses) Alexander Beard (USA) LLC personnel to attend conferences or meetings relating to the program or to TD Ameritrade adviser custody and brokerage services generally.

Some of the products and services made available by TD Ameritrade through the program may benefit Alexander Beard (USA) LLC but may not benefit Alexander Beard (USA) LLC's client accounts. These products or services may assist Alexander Beard (USA) LLC in

managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD are intended to help Alexander Beard (USA) LLC manage and further develop its business enterprise.

The benefits received by Alexander Beard (USA) LLC through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by Alexander Beard (USA) LLC or its advisory associates in and of itself creates a potential conflict of interest and may indirectly influence Alexander Beard (USA) LLC's recommendation of TD for custody and brokerage services.

Brokerage for Client Referrals

ALEXANDER BEARD (USA) LLC does not receive client referrals from a broker-dealer or third party when recommending brokers for client accounts.

Trade Aggregation

TD Ameritrade allows Alexander Beard (USA) LLC to use an omnibus account to enter client trades. Transactions in individual client accounts are combined into the master omnibus account thereby greatly reducing the transaction fees charged by the custodian and ultimately benefitting the clients.

Item 13 – Review of Accounts

Scott Schwartz Managing Director and Chief Compliance Officer, reviews all investment advisory accounts no less than quarterly following receipt of the current portfolio report from the custodian or more frequently if market conditions change. For instance, if there is a change in the tax laws, investment information and/or a client's financial situation, then this new information may trigger an interim review.

The Chief Compliance Officer is authorized to delegate some of the review responsibility to other qualified advisory associates from time to time to add specialized product expertise, to accommodate for high volume of reviews, and/or to otherwise enhance the review process. There is no limit on the number of accounts reviewed by Mr. Schwartz.

Investment portfolios are reviewed for consistency with the investment strategy and performance. The reviews include at minimum an evaluation of the portfolio holdings relative to a client's stated objectives, and an appraisal of the performance in the account

relative to expectations based on market performance, economic conditions, allocation in the account and other factors. Quarterly and interim portfolio reviews are considered an integral part of the management service, and do not trigger any additional fees to the customer.

Reports

Investment advisory clients will receive written statements (monthly or quarterly depending on the level of activity in the account) and transaction confirmations directly from the account custodian. Alexander Beard (USA) LLC also provides clients with a written quarterly Portfolio Appraisal report that includes the client's account holdings priced as of the last business day of the month, income and expense summary that includes dividends and interest received plus any withdrawals from the account, and a performance report. Alexander Beard (USA) LLC encourages clients to compare the custodial statements with the Advisor's Portfolio Appraisal reports to reconcile and compare holdings, prices, transaction records, reconcile the account value to the fee invoice, and review other activity in the account.

Item 14 – Client Referrals and Other Compensation

Alexander Beard (USA) LLC may from time to time compensate, either directly or indirectly, any person (defined as a natural person or an entity) for client referrals. These referral fees are paid solely from Alexander Beard (USA) LLC's advisory fee, and do not result in any additional charges to the client. Alexander Beard (USA) LLC is aware of the special considerations set forth in Section 206(4)-3 of the Investment Advisers Act of 1940 that govern solicitor relationships. To meet these special requirements, Alexander Beard (USA) LLC shall:

- Ensure the solicitor is appropriately qualified
- Enter into a written agreement with the solicitor
- Provide the solicitor with a copy of the solicitor's disclosure document and current Alexander Beard (USA) LLC Brochure
- Have a reasonable basis to believe the solicitor has complied with the terms of the agreement

At all times be in compliance with the investment advisor representative rule as specified in California Code of Regulations section 260.236 (c) (2).

- Solicitors must provide a copy of Alexander Beard (USA) LLC's ADV Part 2 (Disclosure Brochure) and a separate solicitor's disclosure statement regarding the relationship between the solicitor and Alexander Beard (USA) LLC to the prospective client at the time of the solicitation or referral
- A prospective client must acknowledge this arrangement prior to Alexander Beard (USA) LLC accepting of the account for advisory services
- Retain copies of written agreements and client acknowledgements

Item 15 - Custody

Custody Safeguarding

Alexander Beard (USA) LLC has custody of the funds and securities solely as a consequence of its authority to make withdrawals from client accounts to pay its advisory fee.

Alexander Beard (USA) LLC maintains written authorization from the client to deduct advisory fees from the account held with the qualified custodian.

Each time a fee is directly deducted from a client account, Advisor concurrently:

Sends a qualified custodian an invoice or statement of the amount of the fee to be deducted from the client's account; and/or

Sends the client an invoice or statement itemizing the fee. Itemization includes the formula used to calculate the fee, the value of the assets under management on which the fee is based, and the time period covered by the fee.

Notifies the Commissioner in writing that the investment adviser intends to use the safeguards provided above.

This means that client assets will be held at a qualified custodian according to a separate written agreement between the client and the custodian. The client should expect to receive regular written account statements at least quarterly from the custodian, and may contact Alexander Beard (USA) LLC and/or the custodian with questions or concerns. A client may opt to access the custodial reports online. Any client wishing to enroll in this

online service may contact Alexander Beard (USA) LLC. The custodian's statement will include a telephone number, which the client may use to contact the custodian directly. The Advisor encourages clients to use custodial reports to reconcile and compare holdings, prices, transaction records, reconcile the account value to the fee invoice, and review other activity in the account.

Alexander Beard (USA) LLC receives electronic copies of client statements so that an associate can monitor the account's performance and assist the client with ongoing allocations or investments. In no circumstances is Alexander Beard (USA) LLC authorized to issue any instructions (other than directly from the client) for the distribution of funds or securities from the client's account.

Item 16 – Investment Discretion

Alexander Beard (USA) LLC performs investment-related services on a discretionary basis. This means that Alexander Beard (USA) LLC has the authority to determine the securities to buy and sell without the client's prior consent as stated in the investment advisory contract. Clients may place any limitations on the advisor's discretionary authority by contacting the firm and/or by requesting added stipulations added to their client.

Item 17 – Voting Client Securities

As a matter of firm policy and practice, Alexander Beard (USA) LLC does not have any authority to and does not vote proxies on behalf of advisory clients. Clients retain the responsibility for receiving and voting proxies for any and all securities maintained in client portfolios. All proxies will be received by the clients' custodian. Alexander Beard (USA) LLC may provide advice to clients regarding the clients' voting of proxies.

Item 18 – Financial Information

Alexander Beard (USA) LLC does not have custody of client assets and does not charge a prepayment fee in excess of \$500 for six months or more of services.

The firm's Managing Directors are not aware of any financial condition that would prevent Alexander Beard (USA) LLC from delivering contractual services to clients.

Alexander Beard (USA) LLC and its Managing Directors have neither claimed protection from creditors nor have they ever filed bankruptcy.

Item 19 – Requirements for State-Registered Advisers

- A. Scott Schwartz is the managing member of Alexander Beard (USA) LLC. Scott holds an MBA/Finance in 1992 from City University of Seattle.
