

Stickman No. 36 Puzzlebox

(The Keep Locked)

Stickman Keep Locked Puzzleboxes (No. 36) are whimsically designed by artist Robert Yarger from walnut and sapele, with white oak castle turrets. Four wooden padlocks are crafted from yellowheart, purpleheart, maple & leopardwood.

Each padlock opens in its own unique and unusual way. All must be solved, and removed pieces used as tools, to lift the drawbridge and access its single hidden drawer.

Keep Locked puzzleboxes are of moderate difficulty, and require a minimum of 30 steps in order to solve. Puzzles measure 7" x 7" and come with an illustrated 9-page downloadable solution book. These puzzles are limited in edition to only 52 completed puzzles.
