February 24th 2018: A Catholic Moral Vision: Virtue, Grace & the Path to Happiness

This session will help participants to understand what leads to true happiness. We'll explore the difference between the modern world view of freedom, and the biblical view of freedom. Participants will come to see how virtue is necessary to live life well and what makes an act moral. We'll also clear up some modern misconceptions on morality, such as why "the end" never justifies "the means," how sin hinders our pursuit of happiness, and what we need to have a correctly formed conscience.
