

ORB™ Leveling Devices

QUICK REFERENCE SHEET

A level shade is important for its proper operation and aesthetic appeal. Now even a novice can quickly and easily get a shade level to a greater degree of accuracy than ever before with these leveling devices called "Orb's".

Pressing the button on the Orb releases it from the lift cord, slide the Orb to the desired position and release. The spring action locks and secures the Orb to the lift cord. No more tying and untying knots to level a shade.

Features & Benefits:

- **Time Saving**
- **Easy to use for faster leveling**
- **UV inhibitors to help prevent yellowing and discoloring**
- **Works on 0.9mm to 2.0 mm cord**
- **Available in clear or black**

Part # CSORB (C/BK)
specify clear or black, packed in bags of 100
