

DISINFECTANT

YJ-150

BLEACH

- ✓ Effective on all kinds of heavy grime
- ✓ Ideal for cleaning kitchens
- ✓ Not recommended as HACCP requirement

WHAT IT IS FOR

A stabilized concentrated chlorine bleach. It is an effective bleach system based on hypochlorite, alkali and bleach stabilizing agents. It is an excellent deep cleaner for all types of floors and bleach for all types of fabric. It kills 99.99% of germs. This product finds applications in laundries as well as kitchens.

RECOMMENDED DOSAGE

Dilute from 10 to 30ml per liter of water, depending on the hardness of the water.

USE

Floors:

After applying solution on the floor, gitate surfaces using brush.
Rinse after and let air-dry.

Walls, countertops and equipment:

Fill bucket and apply solution with sponge to agitate heavy soils.
Rinse with fresh water.
