Residential security services customized to fit the needs of your community. We are dedicated to providing services tailored to each and every client we serve. Offering services from gate house/lobby attendants for secured access control, valet officers and traffic control, hospitality/concierge professionals, marked mobile patrols, and parking lot attendants. We will maintain an accurate guest list, provide evacuation planning and safety equipment inspections as well as camera monitoring services. Whatever the needs of your community we will meet them with trained professionals dedicated to providing exemplary service to you and your clients or residents.

Lexus Protection Services screens our residential officers for specific qualities and experiences which include exemplary customer service skills and experiences, ability to read and write the English language, strong communication skills, and a strong desire to serve.

Lexus Protection Services is headquartered in the Pittsburgh area of Pennsylvania and currently offers our services throughout Pennsylvania, West Virginia, and Florida. We are a WBENC Certified woman owned and operated company and Certified Small Business.

Our management team has more than 20 years industry experience and provides superb leadership to our force of officers. We maintain a constant managerial presence on all of our sites to prevent complacency of our team and to ensure constant communication with our clients and those we serve.

We are a financially sound company, with a substantial line of credit. We are bonded and fully insured and provide only hired staff...

never subcontracted workers
