At 3:30 pm the Board continued the meeting from July 24, 2017.

The Board discussed the problem that the town is having on several roads with poor material from St. Pierre that was laid on the roads last fall. There have been some flat tires reported on these roads. After looking at some of the sample rocks that Harold collected from the road Charlie St. Pierre stated that they will work with the town to resolve the issue. Various processes were discussed, including the option of trying crushed asphalt. Jeremy St. Pierre will speak with Harold tomorrow and they can start the process of repairing the roadways.

At 4:30 pm John made a motion to continue the meeting at a later date. Second by Bill. All in favor.

Respectfully submitted,

Tracy Decker
Secretary
