

## PARTNERING WITH CPA FIRMS

At BRAYN Consulting, the **client experience** is most important in building relationships. Three critical driving factors in achieving a good client experience are: **PLAN, COMMUNICATE, DELIVER**.

We **PLAN** each relationship with the client's CPA to create an efficient engagement according to the needs of the client. We **COMMUNICATE** effectively to limit the time and resource impact on the client. We **DELIVER** a thorough account of the engagement, the client's business, and our methodology.

*"We were under a very constrained timeline to complete the study before our statute and filing deadlines and BRAYN followed through on everything as promised and delivered results that exceeded my expectations, all while collaborating effectively with our team and our CPA firm to make this a very seamless effort with a great benefit."*
