

At the last Village Hall Committee meeting on 7th May 2019 concern was expressed by a number of VH Committee Members about the more or less permanent parking of vehicles in the Village Hall Car Park. The matter was discussed by the VHC and a decision has been unanimously taken to apply new rules to the use of the Village Hall Car Park.

1 The Village Hall Car Park will continue to offer free parking for visitors and village residents for short term parking with voluntary contributions gratefully accepted, dropped into the special box on the wall of the Village Hall.

2 Prolonged and repeated parking of vehicles will now require the payment of £10.00 per week. (Prolonged parking is considered to be parking of the same vehicle for three or more days and repeated parking is the repeated parking of the same vehicle for a period longer than 4 hours on several days in a two week period). Payments of this charge should be made to the Treasurer, John Oakey.

3 Prolonger and repeated parking by non-residents is not permitted.

The Village Hall Car Park is intended to be used on a short term basis by persons attending Village Hall events (including the regular Friday night bar sessions), walkers visiting our village, and persons attending events organised by residents and non-residents officially hiring the Village Hall for their events.

People who hire the Village Hall for special events and pay for this hire have the right to expect that space will be available for parking of cars belonging to the people attending these special events. At a recent Sunday event there was insufficient car parking space for the visitors and cars had to be parked along the lanes in the village. Permanently parked cars take up some of the limited available car parking space and force visitors to park along the lanes and on verges, which we have always tried to prevent.

The new rules come into force on Monday 13th May 2019. Please observe these rules regarding the use of the Village Hall Car Park.

Mikhail Mandrigin
VHC Chairman
