Next Club Meeting ... 03/03/18 [Saturday @ 08:30]
03/08/18 [Thursday @ 19:00]

SAFETY ORTS:

Safety refresher orientation for existing members will start in June. You can attend one of the new member classes for this refresher. We're also evaluating some additional opportunities for this refresher in addition to the new member classes in the fall (which may include a video...more to follow).

Malcom recommended for everyone that has LTC to get additional training beyond the LTC class. The LTC class doesn't teach you how to defend yourself.

Please be sure to sign in when you come to the range. If you leave something at the range, we can get it back to you by checking the sign in log

Jeff Srygley has set up a Tactical Medical class on 3/2+3 and RSO class on 3/4. Get w Jeff for details

LTC practice is “every other” Thursday nite at 18:00 – 20:00 hrs. Check the calendar for specific dates. The LTC practice is going to be with “small” and “large” guns. Many folks have very small defensive pistols and this is a great place to practice using them. Practicing drawing from concealment and firing your gun is a lot different than shooting in the booth. Be sure to try to come and learn this skill.

“You respond to your level of training when you’re under duress.”

IDPA Practice every Wednesday night at 18:30 hrs

Don’t forget about Maintenance night. Tuesday night at 18:00 hrs after the Saturday meeting. Come out and keep the club in good shape. If you attend 6 maintenance nights, you will get \$25 off your annual dues.

WHAT’S HAPPENING IN TPPC:

The two new target retrieval systems have been installed. These two new ones move faster than the previous two. Be careful to not “slam” the target at each end. We’ll follow up on getting the remaining ones which will save quite a bit of shipping costs.

Lights have been replaced in the Range. The LED lights make the range much brighter... thanks to the folks who took the time to do that !!!

We’re still working on the sand pit overhaul. We’re looking into removal of the old sand by a company. We’re looking into masonry sand which won’t break down. More to follow as it develops.

There are Civilian Marksmanship Program Club Member Certification forms available. This will allow you to purchase items from CMP. An officer needs to sign the form.

Sandy has announced that she won't be running for re-election for 2019. If you're interested in being the Membership Director. Now is the time to get with her so you can learn the system.

There is a Sporting Clays Shoot sponsored by Moore County Health Foundation on 4/14/18

Check it out at the website <http://www.moorecountyhealthfoundation.net/>

You can email texaspanhandlepistolclub@gmail.com if you have any questions. It is routinely checked by the officers.

Have you gone to the club Facebook page? TEXAS PANHANDLE PISTOL CLUB Please come and join. This will be a good way to communicate information within the club (but not the only way).
