Dear Sponsors,

The last five years have seen an unprecedented growth of wound care & hyperbaric treatment centers in India and Asia making it important to reinvent the society to enable a versatile yet flexible structure with opportunity to change quickly.

Both Hyperbaric Oxygen and the field of Podiatry have a multi specialty referral base and many patients with chronic foot wounds are using hyperbaric oxygen and other advanced wound techniques for the benefit of the patients.

The area of Advanced wound care is growing rapidly in India and there is a need to create platform to exchange knowledge and awareness on these subjects amongst our professional colleagues.

With this objective, the Hyperbaric Society of India and the Indian Podiatry Association are holding a joint meeting in Mumbai on the 31<sup>st</sup> July 2016. A second meeting in Chennai in Sept 2017 will follow this.

The Organizing committee seeks to invite sponsorships to enhance the quality of academic and social facilities and sponsor speakers to the conference. Surplus funds if any will be used to continue academic activities over the years.

Sponsorships are open and interested groups & companies are invited to consider sponsoring the event. Conference pamphlet and Sponsorship categories & benefits are attached below.

We also request you to give wide publicity for the event and encourage many more doctors to register for the event , details are available at [www.hyperbaricsocietyofindia.com](http://www.hyperbaricsocietyofindia.com)

We look forward to some hard work intermingled with entertaining social events, business relations, professional advancement and most of all, an enriching and satisfying professional interactions with academic fulfillment and happy memories.

Do not hesitate to contact us for additional details.

Best wishes and see you soon!

Dr. Tarun Sahni  
President
