

VOLUME 21 ISSUE 1

MAY 2021

Editor's Notes

Hey Mustangers!

2020 is now well in our rear view mirror—and thank goodness!

So what does 2021 look like? Well, for the Mustangers, it looks like “back to mostly normal.” What does that mean? It means our picnic in July, cruising for ice cream, dyno day, PPIR events, RMSolo autocrossing, car shows, AND regular club meetings.

Speaking of meetings, it was great to kick off our first club meeting on April 17th at Phil Long Ford by combining it with the Mustang Birthday. A big shoutout to Mark Barton and Phil Long for providing our meals, cake, and giving away two full vehicle details. It was an awesome event with 95% participation. Future club meetings will be at 4:30 p.m. on the 3rd Saturday of the month (for the most part—check the calendar) at Phil Long in the showroom. Then, we can go grab a bite to eat at a local restaurant after. We'll let you know which restaurant before the meeting and then take a head count at the meeting for all those who want to go eat.

Remember, check your email regularly for announcements of upcoming regular events as well as impromptu get togethers to go drive our Mustangs!

Okay, that's it for now, but enjoy this issue of Hoofbeats. If you want to contribute a story but don't want to write it, let me know. I'd be more than happy to “ghost write” it for you. We can just chat and I'll convert your awesome content into the written word.

Now, off to find my detailing spray

While the Mustang Mach-E has been well received by the buying public and units are moving off the showroom floors, other than a few video journalists, no one has been allowed for a drive or ride along on the much awaited GT and GT Performance Edition. The GT is purportedly arriving on showroom floors in August of 2021. A number of club members drove the mid range Mach-E at the Mustang Birthday party thanks to Phil Long Ford Motor City and enjoyed it. Is it a true Mustang? You'll need to decide for yourself!

Ever since elementary school, its been a 1969 Mach 1 with the 428 in it, but I'd settle for one without.
