

United Approach to Therapy

Walnut Acres takes a comprehensive approach to rehabilitation with input from nursing, rehabilitation therapists, physicians, residents, and families. We are committed to the latest and most advanced technologies and treatment modalities available.

Our goal is to treat our residents so they achieve their best level possible, as efficiently and quickly as possible.

This is why we have partnered with Infinity Rehab – they share our passion for patient outcomes.

Come see our spacious, newly equipped therapy gym, designed to provide the latest in therapy services.
