

THE COMING V NEW AGE

THE STARGATE TO THE GOLDEN AGE OF AQUARIUS - RETURN OF THE TITANS

The purpose of this illustration is to highlight several key and unique properties of the Winter Solstice of 2012. These are related to dates leading up to the infamous Galactic Rift alignment. To many in the world, this alignment's place are said to be signaling the beginning of the New Age to come. These events occurring during the Winter Solstice are associated with certain anticipated prophetic events to usher in the 5th Age. There appears to be very unique celestial signs in the Cosmos: solar and lunar Eclipses and Planet conjunctions etc. Perhaps these celestial occurrences are highly significant and part of the cosmic 'countdown' to the culminating 'End of the Age'. In part, some of the prominent celestial occurrences for 2012 are: 1) The Pleiades Alignment of the Spring Equinox of March 20th 2) the Transit of Venus and its path through Taurus and Orion and the Sun particularly on June 6th 3) The Annular Solar Eclipse of May 20th (320) and its accompanied Partial Blood Moon of June 4th 4) The celestial Zodiac configuration of Ophiuchus with Mercury and Venus on the Winter Solstice at the Galactic Center. 5) The possible Solar Flare intensification due to the passage of our Solar System through the Galactic core. This illustration attempts to explain the general principles, theories, and objects constituting the events leading up to the Winter Solstice. The analysis of these and other celestial events presented are simplistic in their explanation.

Celestial Cross

The 'Ankh' is a phallic symbol—a 'Cross' symbol needed to initiate a 'resurrection.' This is the esoteric Obelisk, as those of Egypt and the Washington Monument. It is referred to as the shaft of Ba'al that is associated with the Scarab; a 555 number association denoting resurrection. Many are believing that such astronomical alignments and signs are pointing to the advent and resurrection of the AntiChrist in the coming 5th Age.

CELESTIAL STAR-GATES

In terms of the coming 5th Age, the 1st Stargate was said to have been opened in Aug of 1999, the 2nd in Nov of Dec of 2012. All the prior ones corresponded to Total Solar Eclipses. The 3rd Gate is waiting for its 'Key' to open it or 'initiate' it as the esoterics describe it. This is when Ophiuchus with his Caduceus key or Apollyon will open it. The Last Stargate is projected to occur precisely on the Winter Solstice December 21, 2012 at (11:11GMT). It is at this time that the Cosmic Energy rays will be emitted from the Galactic Core coupled with the planetary configurations, the Cosmic T-Cross (Ankh), Satanic/occultic world-wide sacrificial frenzy on Earth that will formulate the combination to 'open' this diabolical portal

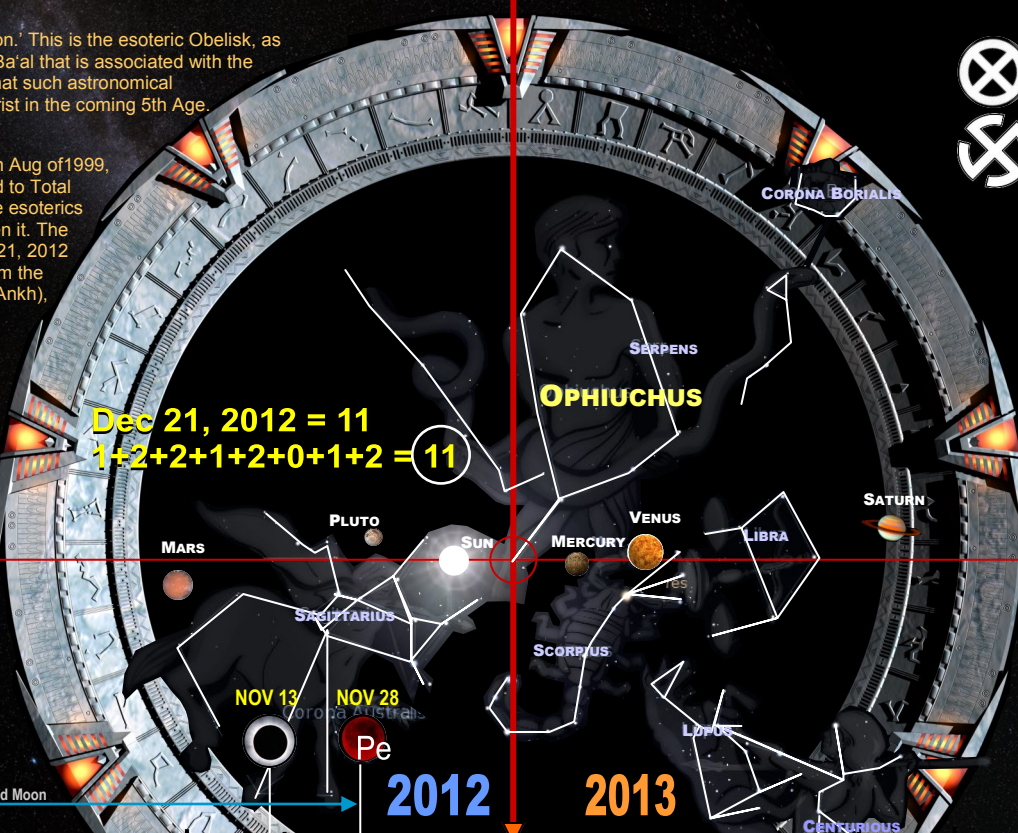

'A PICTURE OF A RAPTURE'

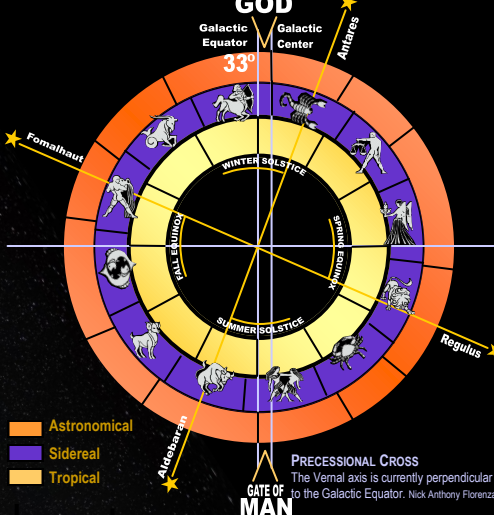

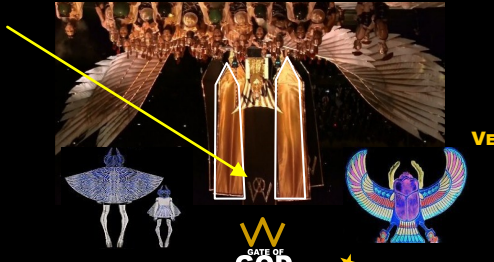

TRANSIT OF VENUS
Venus reaches Auriga the Shepherd on May 15. The Transit starts June 6th as it loops through Taurus' horns. On Jun 27 it proceeds to Orion. In Aug it will stay stationary in the 'Hand' of Orion the 'Redeemer.'

OPHIUCHUS

Ophiuchus, on Jan 13, 2012 officially became the 13th Zodiac sign. It has always been there in cosmology but as the 2nd half of Scorpio. Out of the 25 days from Nov 21 to Dec 16 only 9 days are spent in Scorpio, 16 days are spent in Ophiuchus. At the center of every Winter Solstice will be this symbol of the 'Serpent Bearer.' His Zodiac symbol is a snake coiled up a tree/branch/pole – a serpent coiled around a phallic rod. Ophiuchus received the *Elixir of Life* (a Key or Ankh) from the Serpent to restore Orion back to life.

Ophiuchus has the *Caduceus* symbol for his sign in the Zodiac. His Caduceus is the 'Key' or 'Ankh' that has the power of resurrection. Many refer to it as the 'Wand of Mercury'. He is also the 'god' of money (\$), medicine and magic. This depiction is the U.N. World Health Organization. In mythology, Apollo (Apollyon) was sentenced to torment in the Abyss chained up until Hercules released him from his torment but not until the *Key to the Abyss* was configured by Ophiuchus, the Caduceus. In reciprocity, Apollo raised Ophiuchus up to life, thus the Phoenix symbolism and with Scorpio as in ancient times was the eagle-phoenix..

The New Age

The 'New Age' is a time used to denote a 'time' or epoch when humanity will move into the 'Light' of love, peace and brotherhood. It is a time when humanity will be aided in this transformation of humanity by the return of the 'Ascended Masters' or Guardians/Titans. To the esoteric, it is a restoration of the former 'Golden Age' when the 'Light Beings' once ruled the Earth. These 'Lords' are prophesied to return to Earth. The current Age of Pisces is the age of the 'Fish'. Many ascribe this Age to the influence of Christianity. Most will agree that we are in the closing stages. It is disputed when the official transition of the current Age Pisces to the Age of Aquarius will occur. The Age of Aquarius will be the 5th cycle to come. Each Age varies in time but the average ranges from around 2000 years. The Age of Pisces has been the shortest so far having begun in around 26AD to end sometime within the 1st century of the 21st century, by some estimations. This transition from one 'Age' or Order to the next may take anywhere from 10 to 100 years.
