**A note from Rick:** Markets were unchanged for the most part on Tuesday at TLA. Slaughter cattle and cows were both slightly stronger than a week ago. Bull calves were slightly stronger as well. We had very little test in the feeder market. Dairy cattle prices were steady along with the sheep, goats, and hogs. Progress is back underway on the new building. We had a lull in the action around here as we were waiting on a few materials to finish the building. All of our parts arrived and the crews are back at it. Things are definitely taking shape and we are really excited to see the building completed and to put it to use right away. Luckily we were a little ahead of schedule so even with the slight hold up, we are still on track to meet our goal of September 1st completion. Consignments are rolling in and we are looking forward to a great Fall sale schedule. September and October are going to be exciting at TLA! Hope to see you there!
