**A Heart Safe
Community**

With the collaboration of different leadership stakeholders, organizers have begun the task of making Silver Bay, MN a Heart Safe community.

What is a Heart Safe community? I'm glad you asked. A Heart Safe community is a city, town, or municipality that goes through different community health, prevention and awareness events to create a more healthy and happy community. The Heart Safe community program is sponsored by the Minnesota Department of Health.

The goal is to provide education, resources, tools, and awareness to prevent and combat cardiovascular death. Cardiovascular death remains the highest cause of mortality in the United States and in Minnesota. With your help and dedication, they hope to minimize the statistics of cardiovascular death from sudden cardiac arrest in the Silver Bay Community.

What's next? The next step in implementing Silver Bay a Heart Safe community is to host a kick off event and spread the word. This event will coincide with the North Shore Storm Boys Holiday Hockey Tournament scheduled for Thursday, December 27th and Saturday, December 29th at the Silver Bay Hockey arena. Because what goes better with high school hockey than learning how to save a life with hands on CPR?

If you want to help the team through this process, you can reach out to Shelley Fredrickson with St. Luke's Bay Area Medical Clinic at 218-353-6713, Corey Larson with Lake County Ambulance at 218-834-7110, or Greg Ruberg with Lake View Memorial Hospital at 218-834-7300. Any type of donation, from money to goods or services, is much appreciated.
