

Dear You,

Just wanted to check in with you as you have not yet entered any NSDA points this school year.

If you are a new coach and have been matched with a mentor, your mentor can help you if the directions below don't . If you are not yet matched, let me know.

To put in points, browse here <https://www.speechanddebate.org/faq/> and click on the third FAQ -- **I am a coach with permissions – how do I enter student points?** There are lots of other helpful questions/answers on this page as well.

I will be reaching out to the full membership of Kentucky NSDA soon, but I wanted to hit you guys up especially as entering points is how you earn degrees in your chapter (and what makes your kids eligible to try out for Nationals among other things). Please let me know how I can help.

Several of us may have snow days in our near futures. I have found these ideal times to get caught up on catching up on NSDA points. You don't want to be that coach I tease mercilessly about how slow she is to put in her points every single year (*her name rhymes with Neomia from Dunbar – oh wait, that's it . . .*). 😊

Seriously, let me know how I can help you. It's my job!

Steve Meadows, Kentucky District Chair
