Visitor Center

Bring your dogs for a ranger led walk at Borderland! Join Ranger Darren for a 3-5 mile moderate hike with a 20 minute break at the Smith Farm fields, where dogs that are under voice control can go off-leash and play or swim. Dogs must be dog-friendly. Hike route varies slightly each week.

Dress for the weather, bring water for your dogs, and sun block and bug spray is recommended. Rain cancels. For adults and older children, children must be accompanied by an adult. For more information or for reasonable accommodations, please call (508) 238-6566.
