Subj: Refuting allegations by Heath Stokes

Mr. Graham:

I received word that Heath Stokes filed CR 97-9 and an amendment on the 20th and 26th of September, 2017.

His many grounds seem to be allegations of wrongdoing on my part, and additional "newly discovered evidence"

I would like to refute these allegations in a notarized affidavit. However, I need to have a copy of Stokes' filings to be able to address them, including the newly discovered evidence.

Stokes is counting on my silence to push his issue. He murdered his family with no help from me before during or after.

If my statements will help your case, please let me know what I can properly, legally, honestly do. My statements to you can be backed up by a polygraph, if need be.

I expect a response to this letter.

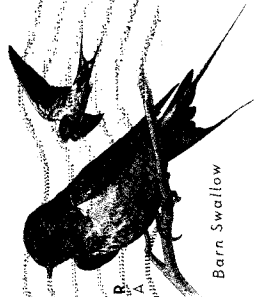

Sincerely
Charles Walls
