# Backyard Soccer

## OUR PASSION OUR FOCUS OUR APPROACH

The training will consist of small-sided games throughout the day.

What are "Small- Sided Games" ?

These are soccer games with fewer players competing on a smaller sized field. We want our young soccer players to have more individual teaching, more touches and more time with the coach. Our trainings will nurture a love of game which will keep the player involved in the sport for years to come.

Exposure to top level coaching for the entire week of training
